Board Drops Charges Against Mr. and Mrs. Mac Metz

Reinstated, Then Resign Home Posts

Former Superintendent, Matron Ordered Paid Back Salaries

Charges against Mr. and Mrs. Mac D. Metz, former superintendent and matron of the Marion County Children's Home, have been dropped by the Marion County Child Welfare Board, it was revealed today.

Mr. and Mrs. Metz were ordered restored to their posts last week at a meeting in Columbus of the Civil Service Commission of Ohio. They then submitted their resignations which were unanimously accepted by the Welfare Board.

In a journal entry filed with the commission Friday, it was found that charges had been withdrawn and the order of suspension of April 5 had been rescinded. The commission ordered Mr. and Mrs. Metz restored at their former base pay.

Both Mr. and Mrs. Metz then resigned effective Oct. 31. The commission ordered both be paid from April 5, date of the ouster, through Oct. 31.

Metz Statement

In a statement issued today Mr. Metz said, "Before the differences arose I had planned to retire Oct. 14, 1951, when I would become eligible to participate in the Public Employes' Retirement System, and when I learned that the Child Welfare Board was willing to withdraw the charges which they had made against Mrs. Metz and me, and to pay us $2,850 salary and maintenance in full to the time of retirement, I was happy to go on retirement as of last Wednesday, Oct. 31.

"I wish the new superintendent, whoever, he is, all success because with the well being of so many children involved, it is a tremendously important responsibility and I hope that the Welfare Board will cooperate with him for the good of the children."

A hearing on the appeal from the charges filed against them had been set before the commission Thursday in the Common Pleas Coutroom here. The commission's action withdraws all charges against the couple and closes the action.

Discharged April 5

Mr. and Mrs. Metz were discharged from their positions of superintendent and matron, respectively after a meeting of the Child Welfare Board on April 5. Permanent removal orders were filed with the Civil Service Commission a month later.

The board charged them with incompetency, insubordination, neglect of duty, malfeasance and other alleged failures of good conduct.

In an answer filed with the Commission, Mr. and Mrs. Metz denied all charges.

Sixty-eight allegations were charged against Mr. Metz while 37 were contained in the charges against Mrs. Metz. The orders of removal were prepared by the Guthery, Harmon and Conkle law firm, attorneys for the board. Russell M. Wilhelm and Robert A. Kelly were attorneys for Mr. and Mrs. Metz.

The 30-day suspension was placed in effect after being approved by the five-member Welfare Board by a 3-2 vote. Voting for the removal were board members Walter D. Moore, E. E. Banning and Dr. Frederick Rea. Two members voting against the move were Mrs. Troy McClure and John Stafford. They later resigned from the board in protest of the removal. Replacing them were Mrs. E. Paul Bachman and Walter Mautz. When the permanent orders of removal were approved, the board voted unanimously in favor of the order.

Mr. and Mrs. Loren Giblin were named temporary superintendent and matron of the Home and have served since Mr. and Mrs. Metz were removed.

Tank-Led Attack Dents U.N. Lines

Reds Knock Allies Off 2 Key Hills In West Korea

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Nov. 5—(AP)—A tank-led Red attack — the heaviest in two months — drove United Nations troops off two key hills on the western front but Allied troops and strafing warplanes smashed back at the Communists today.

Elements of a Chinese division launched an armored attack west of Yonchon Sunday. A U. S. Eighth Army briefing officer said it was the heaviest Red attack in two months.

First reports said Allied infantrymen and planes hurled back the Reds and regained all lost ground by Sunday midnight. But an Eighth Army communique said U. N. forces were "heavily engaged" in continuing fighting in the area Monday morning. It said the Allies had withdrawn from two key terrain features west of Yonchon. It gave no details.

2 Marion GI's Aboard Ship

Two Marion soldiers were aboard the United States Army Transport Gen. M. L. Hershey which collided with the Maiper in the North Sea early Sunday morning. None of the soldiers were injured.

They were: Pvt. Richard L. Bechtle, 21, son of Mr. and Mrs. Albert Bechtle of 622 E. George St. and Pfc. Donald Johnson, 21, son of Mr. and Mrs. Lloyd Johnson of 752 Oak Grove Ave.

The two men were members of the 43rd Infantry Division, Mr. Bechtle reported. They entered Army service in March, leaving from Marion. They were trained at Camp Pickett, Va.

Pfc. Johnson was graduated from Harding High School in 1949 and played some professional baseball at Greenville, S.C. with the Brooklyn Dodgers farm club, before entering Army service. He was employed at the Pollak Steel Co. for a short time.

Pvt. Bechtle was a 1950 graduate of Harding High School and worked in the Erie diesel shops until he entered Army service.

Possibly Biggest of Series

Fifth Atomic Blast Set Off In Nevada

LAS VEGAS, Nev., Nov. 5—(AP)—The fifth atomic blast in the current test series exploded at 8:31 a.m. (PST) today.

Thirty seconds later the atomic cloud customary in the detonations could be seen from Las Vegas rising over the Yucca Flat test site, 75 miles away.

It was a big one, perhaps the biggest yet, reported observers here who have seen the previous blasts.

There was a purplish color to the mushrooming cloud.

An indication of the size and potency of this detonation was duplicated by an unusual warning from the Atomic Energy Commission.

Special Warning

Radio stations in a wide area covering Goldfield, Beatty, and Caliente, Nev., were asked to warn residents to open windows in their homes and stores.

Presumably this would be to lessen effects of tremendous concussion expected.

An AEC spokesman warned newsmen to waste no time after the detonation in departing Mt. Charleston, the vantage point from which they have observed the tests at Yucca Flat 50 miles to the north.

No such warning to newsmen was issued prior to the first four explosions in the series. Presumably Mt. Charleston is expected to be in the path of wind-blown radioactive particles.

The AEC also notified the Civil Aeronautics Administration to warn all planes in the area to avoid flying above 21,000 feet between 9:30 a.m. and noon, again presumably to avoid radioactive dust.

Dropped From Plane

The CAA was told to keep planes between Las Vegas and Albuquerque clear of the 11,000 foot level from 4:30 to 8:30 a.m. This indicated another bomb drop by planes from the special weapons command at Kirtland Air Force Base, Albuquerque.

High level observers on hand for the fifth experiment in the AEC test series included Gen. Curtis LeMay, head of the Air Force's strategic bombing command, and AEC Commissioner T. Keith Glennan.

Two congressional observers were Sen. William Knowland (R-Calif) and Rep. Henry M. Jackson (D-Wash), the latter a member of the House-Senate atomic energy committee.

Arrested For Failure To Pay 33 Traffic Tickets

Ellis Minor, 40, of near Marion was arrested yesterday for the second time on a charge of failure to pay parking tickets.

The first time he was arrested, on Nov. 18, 1950 he had only seven traffic tickets. He was fined $7 and costs when he appeared in court.

This time, he is charged with failure to pay 33 traffic tickets. He posted $40 bond for his appearance in Municipal Court Wednesday. He was arrested on Smeltzer Rd. at 12:55 p. m. yesterday, police reported.

This is the second arrest by police on this charge within a week. Police Chief Tom Coon reports he is conducting a drive to arrest persons who refuse or neglect to pay parking tickets.

Injured St. Mary Player Recovering

Dan Merchant, St. Mary football player injured in the Mansfield Madison game at the stadium Saturday night, was described in "good" condition at Marion City Hospital today.

The Irish halfback suffered a head injury in the final quarter in a game won by St. Mary, 7-6, on a snow-swept field.

Truman Gets Ike's Confidential Report

Ike Balks At Relating Political Plan

Refusal To Tell Party Preference Seen As Weapon for Taft

WASHINGTON, Nov. 5—(AP)—Supporters of Senator Taft (R-Ohio) claimed a new political weapon today in Gen. Dwight D. Eisenhower's refusal to choose publicly between the Democrat and Republican as his favored party.

Eisenhower goes to Blair House today for a luncheon with President Truman that may produce—as a sideline to military discussions—some understanding between the two men as to their future political plans.

Even if such an understanding is reached, Senator Edwin C. Johnson (D-Colo) told reporters he thinks Eisenhower "will have very great difficulty extricating himself—and that is really the right word—from the very responsible duty he assumed in Europe" to engage in a presidential race.

Booming General

Senator Duff (R-Pa) and others have been booming the general for the GOP nomination, and Duff has said he wants to have a private chat with Eisenhower while he is in Washington. Asked about that on his arrival here last night, Eisenhower replied that he hasn't heard from Duff "either directly or indirectly in a long, long time." He put emphasis on "directly or indirectly."

Without awaiting any signs that might come from the general's conference with Mr. Truman or a possible meeting with Duff, the Taft camp went into action.

It began giving circulation among potential delegates to next year's Republican convention the general's statement on his arrival in New York that he would "not indicate political leanings of any kind."

Taft is an announced candidate for the Republican nomination and one of the chief campaigns of his lieutenants has been directed at killing off the Eisenhower boom.

One of their most effective weapons has been to cast doubt among the Republicans that Eisenhower is a member of their party.

The general gave no comfort to his rooters who have contended they have assurances on this score by telling a reporter in New York who asked if he was a Democrat or Republican:

No Sneaks

"Just because it's football season, don't pull a quarterback sneak."

Eisenhower left open the road to speculation on his availability when he denied reporters permission to say specifically "come what may" that he would not become a presidential candidate.

Senator Humphrey (D-Minn) told reporters he thinks President Truman would like to get Eisenhower to run on the democratic ticket.

In any event, Humphrey said he is certain that Mr. Truman and

Will Decide on Many Special Issues

Voters To Pick City And Village Office Holders Tomorrow

Office holders in city, village and township governments will be selected and the fate of a number of special issues decided at tomorrow's general election.

Polling places throughout the city and county will open at 6 a. m. and close at 6:30 p. m.

Estimates of the expected turnout ranged from 13,000 to 15,000. In the last comparable election, in 1949 when city and township officers were elected, the total vote in the county outside of Marion was 4,611. The total vote for the city was 9,513 to ogve a total vote of 14,124 in Marion County.

Three state-wide issues were on the ballot at that time. These included the colored oleo question, a proposed probate court amendment, similar to the one to be voted on tomorrow, and the office-type ballot issue.

Special Issues Draw Interest

The number of special issues or tomorrow's ballot is expected to attract voters to the polls.

Voters in nearly every township will ballot on at least one tax levy or bond issue. Grand Prairie Township voters will decide whether or not to go dry in two local option issues, one prohibiting beer sales and the other whisky sales.

Marion city voters will decide on four special issues.

Drawing the most interest is a four mill school operating levy and a $600,000 bond issue for rebuilding the sewage treatment plant. Others are a three-fourths mill levy for sewage plant operating expenses and a half mill levy for city recreation purposes.

Twelve Contests

Twelve contests are listed on the city ballot, including one contest for Marion Township trustee.

Republican Mayor Harold F. Robinson and his Democratic opponent, Lawrence M. Sager, head the city tickets.

Other contests for city posts are as follows: prepsident of council, William G. Slack, Republican incumbent, and Democrat Clifford B. Welch; auditor, Republican incumbent, Elmer Shaw and Mrs. Barbara Bingham Norris; treasurer, Harry D. Cahill, Republican incumbent, and Democrat Donald W. Preuninger; city solicitor, Geore A. Pincentino, Republican, and Henry A. Mickley, Democratic; council-at-large, Republicans, Tom Clark, incumbent, Robert G. Haldeman and Ralph W. Williams, and Democrats George

2 Killed, 18 Hurt in Area Auto Mishaps

Mansfield, Kentucky Men Die in Collision Near Mt. Gilead

Two men were killed yesterday and 18 persons were injured in 11 traffic accidents which occurred on district highways during the weekend.

Five other traffic fatalities in Ohio were reported, four on Saturday and one Sunday.

Mansfield and Kentucky men were victims of the area fatal accident, which occurred near Mt. Gilead.

Auto Skids Into Truck; 2 Killed

Chester Lawhorn, 36, of near Mansfield and his brother-in-law, Eugene Kizer, 19, of Olive Hill, Ky., were killed yesterday when the car in which they were riding, driven by Lawhorn, skidded to the wrong side of the road and struck a tractor and semi-trailer truck driven by Ernest M. Fuller, 35, of Proctorville.

The accident occurred at 2:35 p.m. on Route 161, a mile south of Mt. Gilead. The car was traveling north and the truck was southbound.

Lawhorn and Kizer were dead when Dr. Frank Sweeney, Morrow County Coroner, arrived at the scene. He announced that both deaths were caused by fractured skulls.

The bodies were taken to the Craven Funeral Home in Mt. Gilead by the Craven ambulance. Relatives have been notified, but funeral arrangements have not yet been made.

Fuller, driver of the truck, was bruised on the left side of his head, but was not treated.

The car and the front end of the truck were demolished.

18 Injured In Area Accidents

Eighteen persons were injured in five of ten accidents which occurred on icy district highways over the week end.

The state highway patrol, which reported the accidents, said weather conditions should not be held responsible for the accidents, as drivers should take the weather into consideration and compensate for it in their driving.

Six persons were injured when cars driven by Frank Rarick, 55, of near Chatfield and Elsa M. Schneider of Chatfield collided head-on Saturday at 3 p. m. on a curve of Route 298, west of New Washington. The cars were demolished.

Mrs. Schneider suffered lacerations of the left knee, a fracture of the right arm, and bruises. Rarick's injuries included a broken right ankle, shock, and lacera-

Would Count Atomic Weapons

U.S. Seen Asking U.N. For World-Wide Arms Census

PARIS, Nov. 5—(AP)—The United States was reliably reported today to have decided to propose a world-wide arms census including a complete accounting all atomic weapons.

The U. S. plan, which will be placed before the United Nations Assembly here this week, calls for a strict system of verification for the atomic accounting. This may prove to be the stumbling block which could hold up indefinitely any disclosure of the number of atom bombs in the U. S. and Russia.

Informed quarters said the arms proposal was the heart of the reported peace plan which President Truman will announce Wednesday night and which Secretary of State Dean Acheson will lay before the United Nations Assembly, perhaps on Thursday.

Inclusion of atomic weapons in the proposed arms census represents a drastic change in U. S. policy. The census question has been before the U. N. since 1946, but was blocked by the Russian

Confer In Private At Blair House

Opportunity For Politics in Meeting On Western Defense

WASHINGTON, Nov. 5—(AP)—President Truman and Gen. Dwight D. Eisenhower conferred on Western defense problems today in a confidential meeting affording an opportunity to talk politics—if either man wishes to do so.

Another topic which administration officials said is due to come up is a foreign policy speech the President will make Wednesday night. This is understood to be concerned with a new American move toward a settlement with Russia, to be made in the United Nations General Assembly opening in Paris Tuesday.

The White House announced Saturday evening that Mr. Truman will make his address at 10:30 p.m. EST Wednesday and that it will be carried on all major radio and television networks. It reportedly will be built around a formula for disarmament and atomic controls, peace in Korea and other major East-West issues.

"One Purpose Only"

Eisenhower arrived in Washington at 6:54 p.m. yesterday and told reporters he was here "for one purpose only—to talk military affairs with my superiors in the Pentagon and elsewhere in Washington."

Asked whether he would see Senator Duff (R-Pa), who is booming Eisenhower for the Republican presidential nomination next year, the general replied that he had not heard from Duff "either directly or indirectly in a long, long time."

His first visit to the capital since Feb. 16 was billed officially as being made to report to Mr. Truman and others here on his progress as commander in chief in building an international army for the defense of western Europe under the North Atlantic Treaty Organization.

Eisenhower arrived in the U.S. Saturday afternoon and went to Ft. Knox, Ky., where he and Mrs. Eisenhower visited their son, Maj. John Eisenhower and his family. He disavowed any intentions of talking politics with the President.

Maintains Silence

He also declined, at Mitchel Field, Long Island, a yes or no answer to a question as to whether, "come what may," he would not be a candidate for president next year.

"Of course you can't say that," Eisenhower responded. "I will not indicate political leanings of any kind. I'm doing a job. That's my statement."

Yet the schedule arranged for the general today provides a prime opportunity for an exchange of views between him and the President on political affairs.

It was expected that during the morning Eisenhower would meet with Secretary of Defense Lovett. Then at 1 p.m., he was due to go to Blair House, the presidential residence, for a luncheon with Mr. Truman, just the two of them.

Politically conscious Washington found it difficult to think that in this confidential man-to-man session the President would not at least try for some indication of whether he might be confronted any time soon with the necessity of finding a successor to Eisenhower in the critical European command which the general now holds.

General Conference

At 3 p.m., the President and the general were due to meet with Lovett and Undersecretary of State James Webb, as well as other State and Defense Department officials, in the Cabinet room at the White House.

What if anything the two men will report on their talks—which may continue through Tuesday—is highly speculative. Possibly they will at least make a statement on need for urgent support of the defense effort by all the North Atlantic Treaty countries.

The White House announcement Saturday night about Mr. Tru-

Miss Jacoby And R. L. Williams Married in Texas

THE wedding of Miss Darlie Ann Jacoby and Rodger Louis Williams took place Saturday evening, Oct. 27, in the Cox Chapel of the Highland Park Methodist Church in Dallas, Tex. The bride is the daughter of Mr. and Mrs. John W. Jacoby of Dallas, and Mr. Williams' parents are Mr. and Mrs. A. A. Williams of Waco, Texas. The bride's family formerly lived in Marion.

Rev. Carl Keightly officiated for the ceermony. The wedding music was presented by James Mellor.

Given in marriage by her father, the bride wore a forest green suit with brown lizard accessories and a hat of brown felt. Her flowers were white orchids.

Miss Margaret Jane Jacoby was her sister's maid of honor and attending Mr. Williams as best man was Kenneth M. Patterson of Waco. Ushers were Bryce King of Irving and Alex Quayle.

The reception was at the home of the bride's parents.

Both Mr. Williams and his bride are students at Baylor University in Waco. Mrs. Williams is a sophomore in the school of nursing and Mr. Williams is a law student. Prior to going to Baylor Mr. Williams attended Colorado A. & M.

The couple will make their home at 1900 Herring Ave. in Waco.

The bride is the granddaughter of Mr. and Mrs. Roy Jacoby of 353 South State St. who attended the wedding.

INDICTED NURSE. Nurse superintendent at Queens, N. Y. General Hospital, Mrs. Muriel Russell Adel, 40, leaves court after being indicted with nine others in connection with a black market baby adoption ring. Operations of the ring extended from Massachusetts to Florida with headquarters in New York City.

Weddings

The home of Mr. and Mrs. Harold Brooks in Kirkpatrick was the scene of the wedding of Miss Mary Schildknecht and Dr. William Kopp, Saturday, Oct. 6. The ceremony was read at 3:30 o'clock in the afternoon by Rev. Harold Scott, pastor of the Indianola Church of Christ, Columbus. The bride is a sister of Miss Imo Schildknecht of Richmond, Ind. The bridegroom's parents are Mr. and Mrs. Fred Kopp of Cincinnati.

The bride, given in marriage by Mr. Brooks, wore a dress of ice blue satin with a shoulder-length veil. Her flowers were baby chrysanthemums centered with a white glamellia.

Miss Louise Schildknecht of Richmond, Ind. was the maid of honor.

A reception followed the ceremony.

The bride was gradu ted from Ohio State University and the Jewish Hospital School of Nursing in Cincinnati, Dr. Kopp attended Ohio and Ohio State Universities and is a graduate of the College of Medicine, University of Cincinnati. He is a member of Pi Kappa Epsilon, Alpha Epsilon Delta and Phi Chi Fraternities. He is a resident physician at the Children's Hospital in Milwaukee where the couple will make their home.

Marion Circle Of C.C.L., Guests Meet With Mrs. McGrew

MRS. CUTLER McGREW entertained members of the Marion Circle, Child Conservation League, and their guests, Beta Study Club, CCL, in her home on Delaware Ave. Thursday night.

Mrs. Robert Hurley, president, welcomed the guests and in response to roll call the members and guests told of a gift especially liked.

For the program Mrs. Ashley Booth reviewed "The President's Lady," by Irving Stone and Mrs Virgil Curl, pianist, accompanied Mrs. Paul McMahon, lyric soprano, who sang "If I Could Tell You," Idabelle Firestone and "Prayer of the Norwegian Child" by Kountz.

Following the program refreshments, with ices molded in Halloween figurines, were served from a table in the dining room. Decorations were in keeping with the season and presiding were Mrs. Richard Minshall, president of Beta Study Club, and Mrs Hurley. Each guest was presented a favor.

During a short business session Mrs. Hurley gave a report of a meeting of the executive board of the federation held recently. It was announced the circle will cooperate with the federation in raising funds for its annual project.

Members of the Marion Circle will sponsor a program when Mrs. A. B. Seitz of Columbus is heard in a talk the evening of Nov. 26 at Wesley Methodist Church. Her topic will be "Four Years Behind the Iron Curtain." For this meeting the members will be joined by their husbands and guests. Mrs. Seitz resided in those countries following World War II.

Assisting Mrs. McGrew as hostesses were Mrs. Frederick G. Smith, Mrs. R. A. Mylius, Mrs W. E. Orcutt and Mrs. Charles Miller.

Marion Garden Center Notes

START COMPOST HEAP

If you haven't a compost heap, why not start one this fall? It's a specialized trash pile where grass clippings, leaves, weeds, kitchen scraps (except bones, tea or coffee grounds) or any organic material are piled to rot and turn into pliable humus.

Pick a shady spot in your garden and dig a shallow pit, some four inches deep. The National Garden Institute recommends layering organic wastes of various kinds on the area (including manure if it is available). Put in also some thin layers of soil and spread on a handful or two each of ground limestone and rock phosphate.

Wet the pile while building up the layers, and finally cover with about 3 inches of soil. Best have a concave surface to catch rain water. Decay will be speeded up if the pile is shoveled and mixed after about eight weeks.

Leave the compost pile stand over winter, and spread it over the garden before spring spading.

Club Co-Ed Holds Homecoming Dance

Heading and St. Mary High School students danced Friday night to the music of Mack Finch and his band at the annual Homecoming Dance held at Club Co-Ed in the YMCA.

During the dance, Dick Tway introduced Suzie Simmons, Harding Homecoming queen, and her court, Betty Plantz, Barbara Orr, Beverly Hurley and Marjory Dearth. After the introduction, the queen and court, with their escorts, led off a dance to the music of "Sweetheart of Sigma Chi."

Colors of red and black dominated the decoration scheme, which was planned by a committee headed by Joe Buettin and Linda Gilmore. Rosemary Baxter and Marty Gamble were in charge of publicity and Sue Smith and Joanne Hofstetter were in charge of engaging the band.

Dedicate New Club Home

Mrs. Jessie Gardner Guest of Honor

State and district officers joined members of the Jessie A. Gardner Federated Club for the dedication of the club's new home at 190 Harrison St. yesterday. A guest of honor was Mrs. Gardner of Delaware, for whom the club was named.

Mrs. Rose Nichols, president, presided for the ceremony. Mrs. Gardner was the guest speaker and talks also were given by Mrs. Wanda Morgan of Zanesville, district president, and Mrs. Mabel Roberts of Toledo, state supervisor of the Ohio Federation of Colored Women's Clubs.

For the musical part of the program Mrs. Margaret Beverly sang a solo, Dolores Cosey and Sharon Mason contributed piano solos, Jimmy Beverly played a clarinet solo and the Junior Girls Chorus sang.

Providing a setting for the afternoon were many bouquets of flowers bearing congratulatory messages. Contributions to aid in financing the homes are among the gifts being received by the club members. A picture, the gift of Mrs. Walter E. Hane, president of the Marion County Federation of Women's Clubs, has been hung over the mantel.

A meeting of the club will be held in the new home tonight, Mrs. Nichols announced.

Marion, Upper Sandusky Soldiers Arrive in U.S.

Bus Drivers Must Learn First Aid

New Requirement Established By County School Board

All Marion County school bus drivers will be required to hold first aid certificates in the future. This action was taken at a meeting of the Marion County Board of Education Oct. 25.

The requirement will be effective for the 1952-53 school years. Bus drivers and substitute drivers must hold the certificates issued by the American Red Cross.

Marion County School Superintendent D. T. Mills reports the state board of education recommends drivers be certificate holders, but leaves the responsibility for making the requirements up to county boards.

To facilitate the board's action, first aid classes will be formed during the current school year to give all interested persons an opportunity to prepare themselves for driving in 1952-53. The plans now call for four or five centers throughout the county. Details have not been completed.

The next meeting for all local board of education members will be held at Meeker on Dec. 6. The LaRue School was in line for the December meeting but a conflict in dates caused the shift. The February meeting will then be held at LaRue if scheduling is possible.

Longshoremen To Vote On Ending Strike

NEW YORK, Nov. 5—(AP)—Insurgent AFL longshoremen were trying today to avert a back-to-work vote in New York's longest and costliest port strike by threatening to picket a union-sponsored meeting.

The wildcat walkout of stevedores entered its fourth week with an estimated 100 vessels and a billion dollars worth of goods immobilized in the word's biggest harbor.

Both New York State and the AFL International Longshoremen's Association which has opposed the rebellion by some members, scheduled new efforts today to halt the strike.

State Industrial Commissioner Edward Corsi had an appointment to swear in a special three-man fact-finding panel, which will investigate the dispute.

The port remained relatively quiet over the weekend.

assault during eight hours of vicious fighting Sunday. Monday, Allied planes were hunting the tanks that got away, as well as supporting ground troops.

The U. S. Fifth Air Force said jet pilots shot down two MIG-15s, probably destroyed two and damaged six in three fights Sunday over northwest Korea. No Allied planes were lost in aerial combat, but two were shot down in other parts of Korea by ground fire. Both pilots were presumed lost, the Air Force added.

In all, 92 American fighter planes were pitted against 146 of the Russian-made MIGs.

U.N. Offers To Bypass Buffer Zone Issue

MUNSAN, Koren, Nov. 5—(AP)—The United Nations today proposed bypassing the cease-fire buffer zone stumbling block until a Korean armistice is ready for signing.

The U. N. suggested a permanent committee study the buffer zone issue while negotiations go ahead with talks on other points that must be settled before the fighting can end.

The Reds said they would study the proposal tonight. Presumably they will give their reply at a meeting scheduled for 11 a.m. Tuesday (9 p.m. Monday, EST).

If the Communists agree to the proposal, the full delegations would go to work on these remaining points on the agenda:

1. Concrete arrangements to end the shooting and supervise the truce.

2. Exchange of prisoners of war.

3. Recommendations to the governments of the various countries concerned on both sides. (The Red's demand that all foreign troops be withdrawn from Koren comes under this heading).

Any one of these could develop into as hard a nut to crack as the location of the cease-fire buffer zone.

The proposal came in a four-point formal statement read by Maj. Gen. Henry I. Hodes in Monday's afternoon session of two-man subcommittees.

Rotary Club Plans Ladies Night Tuesday

The Marion Rotary Club will hold its semi-annual Ladies Night party Tuesday at 6:45 p.m. at the Marion Country Club.

Dinner will be followed by a program for which Burr Abbott of Cleveland will be the speaker. His talk will be on "How To Retire and Enjoy Life." Throughout his talk, Mr. Abbott will model with clay to illustrate his points.

For those unable to attend, a make-up meeting will be held at noon at Hotel Harding.

Accidents

tions. Also injured were his wife, Frieda, who suffered a broken nose, facial lacerations, and bruises, and three children, Lawrence, 8, bruises of the right leg and left arm; Alfred, 13, bruises of the left leg and front teeth loosened, and Sheila, 6, severe lacerations of the forehead and a possible head injury. Another son, Franklin, was uninjured.

The injured were taken to Bucyrus City Hospital by the Lanius ambulance of New Washington.

Five Injured

Five persons were injured Saturday at 5 p. m. when cars driven by David Rosenberger, 26, superintendent of schools at New Washington, and Carl Farrow, 19, of near Bucyrus collided at the intersection of Crawford County roads 6 and 52, about half a mile south of Route 98.

The injured included: Rosenberger, severe bruises of the right leg; his wife, Camilla, fractured left arm, severe lacerations to the back of the head, and a possible brain injury; and Farrow, lacerations about the head. Two passengers in Farrow's car, David W. Thornton, 29, of near Bucyrus, and John W. Ream, 19, of Sulphur Springs, O., were injured also, Thornton suffered bruises and a possible chest injury and Ream's jaw was broken.

All except Rosenberger were admitted to Bucyrus City Hospital where they were taken by the Lutz ambulance. Both cars were demolished.

Auto Hits Bridge

Mrs. Leah Mann was admitted to Bucyrus City Hospital with a possible chest injury Saturday after the car in which she was riding struck the side of a bridge on Route 4 in Brokensword, four miles north of Bucyrus, at 7 p. m.

Sam Berko, 52, of Cleveland Heights, driver of the car, told patrolman that he had been forced into the side of the bridge by a southbound car. Berko was traveling north. The front end of the car was badly damaged.

Mrs. Mann was taken to the hospital by a passing motorist.

Five persons were injured in a three-car collision on Route 42 a mile north of Williamsport yesterday at 3 p. m. A car driven by Thomas Horn, 30, of Dayton struck the rear of a car driven by Iva Graves of Rock Creek, O., after Mrs. Graves collided with another car driven by Mamie Montomery of Cincinnati. The Horn and Graves cars were heading north and the Montgomery car was southbound. The three cars were severely damaged.

Injured were Mrs. Montgomery, lacerations of the scalp; her husband, Wash Montgomery, 60, lacerations of the scalp, fractured skull, and internal injuries; Mrs. Graves, laceration of the left knee; her husband, Frank Graves, 58, severe lacerations of the scalp; and Gussie Lowry of Dayton, a passenger in the Horn car, lacerations of the right eye. They were admitted to Mansfield General Hospital where they were taken by the Snyder ambulance of Lexington.

Car Runs Off Road

Dale E. Irey, 20, of near Caledonia was admitted to Marion City Hospital for treatment of leg bruises, facial lacerations, and possible internal injuries suffered when his car ran off the road and struck a bridge abutment on Marion County Road 162, about two miles south of Route 30-S, Saturday night at 10:25.

The front end of the car was badly damaged. Irey was taken to the hospital by the Timson and Allen ambulance of Caledonia.

Cars driven by William Gilbert Coats, 30, of Kenton and Charles J. Adams Jr., 22, of near LaRue collided Saturday at 1:25 p.m. on Hardin County Road 144, 3½ miles east of Route 30-S. The cars were extensively damaged.

Coats was arrested on a charge of passing without the assured clear distance and was fined $15 and costs in Mayor's Court in Kenton.

Cars driven by Alvin M. Hamilton, 42, of 671 Vernon Heights Blvd. and Willis Moler, 22, of near Marion collided this morning at 7:30 about half a mile north of Marion as Hamilton attempted to turn south into Route 4 from a drive at the J. M. Hamilton and Sons Stone Co. Moler was driving south.

Minor damage to the front end of Hamilton's car and the left rear of Moler's car was reported.

Mrs. Miriam C. Cheney of 232 Hane Ave., lost control of her car and ran off the road into a ditch on Route 23, half a mile south of Marion, at 9:40 p.m. Saturday. The right front fender and bumper of the car were damaged.

A car driven by William D. Michaels, 21, of Cleveland was slightly damaged when it was sideswiped by another car on Route 42, two miles north of Williamsport at 2 a.m. Sunday. The other car left the scene before patrolmen arrived.

The left side of a car driven by Casper L. Saxton, 32, of near Prospect was slightly damaged when it went off the road and into a ditch on Route 4, about 4½ miles south of Marion, at 9:10 p.m. Saturday.

AUTO CATCHES FIRE

Anti-freeze boiling over the hot motor of a car belonging to Charles Chaffin of near Marion started a blaze Sunday about 3:30 p.m. resulting in a slight damage to the car. Firemen from the West Center St. station answered the call.

ONE WIFE FILES BIGAMY SUIT, OTHER ANNULMENT. Reading in the society pages about the fashionable marriage of Mary Jane Barrows, 27 (left), to Robert L. Rousseau, 29, of Grosse Pointe Park, Mich. (center), last week, Virginia Budd-Jack Rousseau (right) says she secretly married Rousseau last July 3 in Angola, Ind., and bore him a daughter a month ago. Mrs. Rousseau No. 1 is suing Rousseau for bigamy while Mrs. Rousseau No. 2 is filing an annulment suit against him.

Steel Firm Adopts Pay Incentive Plan

PITTSBURGH, Nov. 5—(AP)—Some 25,000 production workers in Jones and Laughlin Steel Corporation plants will be able to boost their earnings as much as 35 percent, under a new pay incentive plan approved by the government.

The plan, sanctioned by the Wage Stabilization Board and the CIO United Steelworkers, supersedes a "work load incentive" program which applied to only about 700 employes.

A Jones and Laughlin spokesman, disclosing the government's action, said last night the plan will increase steel production and employes' earnings and is strictly "non-inflationary."

The new program, known as "equipment utilization type plan," is based on how much a given machine can produce.

A steel union official said it works this way:

If a man earns an hourly rate of $2, and uses his machine at 74 percent of capacity, he will receive $2. But if he uses it to the utmost, he will get $2.70 an hour.

The standard for any job is 74 percent of machine utilization. At that rate of operation, the employe is paid 100 percent of the standard hourly wage rate.

Jones and Laughlin steel employes have been earning an hourly average of about $1.95 an hour. The new plan is expected to give the average worker 15 to 20 percent more pay.

Ships

(Continued from Page 1)

persons aboard the Argentine vessel.

The troopship, the Gen. M. L. Hersey—her bow stove in by the collision—limped into Bremerhaven last night with many Maipu survivors aboard. A special train was chartered to take them to Hamburg, the Maipu's port of call.

The Maipu's captain, Juan Marquez, picked up by the German lightship Weser after the crash, said in a ship-to-shore radio interview that his 80 passengers and 158 crewmen kept calm throughout the ordeal.

"They left the ship quietly," he said. "There were no incidents."

The fact that the usually rough North Sea was calm under its fog blanket was said to have played a large part in the 100 per cent successful rescue.

The 12,000-ton Maipu and the 10,000-ton transport, groping through early morning fog, collided 15 miles offshore, near the German island of Waneroog. The crash tore a big hole in the Maipu's port side.

Witnesses said the Argentine vessel began to list immediately, but stayed afloat for three hours—another big factor in the successful rescue. Passengers aboard the stricken vessel included 38 women and eight children.

The Hersey immediately began searching through the mists for lifeboats with survivors. Soon, afterward the Weser and smaller German craft joined in.

The last lifeboat with 15 aboard was not spotted until after the Maipu had gone down.

AN ADDED AWARD. Korean veteran Cpl. John M. DiLieto, 21, displays the Distinguished Service Cross as he receives another decoration from his mother, Theresa, at their Bronx, N. Y., home. DiLieto, who was discharged after three years in service, won the medal for bravery on the battlefield in Korea.

Patrol Makes Four Arrests

Four weekend arrests were reported by the state highway patrol.

Harold W. Crissinger, 42, of 1007 Bennett St. was arrested on a stop sign violation charge on Route 4 Sunday at 1:15 p. m. He pleaded guilty in Marion Municipal Court this morning and was fined $10 and costs.

James L. Lemke, 24, of near Marion was charged with speeding on Route 4 at 3:15 p. m. Sunday. He was cited to appear in Municipal Court tomorrow morning.

Carl M. Edmiston, 44, of the Milner Hotel was held in Marion City Jail after he was arrested Saturday at 4 p. m. on a charge of driving while under the influence of alcohol. He pleaded guilty in Municipal Court today and was fined $100 and costs. His driver's license was suspended for three years.

John Johnson, 19, of Columbus was charged with a stop sign violation on Route 61 at 2:30 p. m. Sunday. He was fined $5 and costs when he pleaded guilty before Mayor R. R. Bennington of Mt. Gilead.

Reward For Indictment Of Reds Offered

WASHINGTON, Nov. 5—(AP)—A $5,000 reward has been offered by Millard E. Tydings, former Democratic senator from Maryland, for action leading to the indictment of "57 cary-carrying Communists" said by Sen. McCarthy (R-Wis) to have worked in the State Department.

Tydings made the offer in a letter to Sen. Jenner (R-Ind), protesting Jenner's criticism of the way Tydings conducted the 1950 inquiry into McCarthy's charges. Jenner made the letter public yesterday.

It challenged Jenner "or McCarthy or anyone else" to 'go before the U. S. Grand Jury and have these x x x 'Communists' in the State Department indicted."

In return, Tydings said, "I will make you a present of $5,000 in cash." He added the provision that the action be taken prior to next Feb. 9, which date, he said, would mark "two full years since McCarthy made his charges x x x."

Since that time, Tydings said, McCarthy "never x x x named a single solitary employe of the State Department as being either a 'card-carrying Communist' or just a plain 'Communist,'"

Noting that Jenner had accused him of "obvious evasion of duty" in his conduct of the inquiry into McCarthy's charges, Tydings added:

"Now, if you don't go to the Grand Jury when you and McCarthy have the evidence to sustain your charges, won't you two be charged with 'obvious evasion of duty'?"

Defense Set To Rest In Phillips Trial

COLUMBUS, Nov. 5—(AP)—The defense planned today to rest its case in the second-degree murder trial of George Phillips. The 23-year-old insurance salesman is accused of killing a Columbus housewife, Mrs. Ruth K. Alter, last April 25.

Defense Attorney Paul M. Herbert said he had only 12 more witnesses to bring to the stand. Ten of these are character witnesses.

The defendant, Philips, was on the stand Friday. He faces extensive cross-examination by Prosecutor Ralph J. Bartlett. Bartlett said he has subpenaed eight rebuttal witnesses.

There will be no court Tuesday, election day. Rebuttal witnesses probably will be heard Wednesday, with the case reaching the jury Thursday.

GIRL DRIVER KILLED, HE'S HELD. Murder suspect William Frank Cairns, 28, looks not the least worried in Los Angeles police station as an officer holds the high-powered rifle Cairns is charged with using in shooting to death his former girl friend, Virginia Thomason, as she drove her car along a street. He told police he shot at a car which he said tried to force him off the road, and didn't know his one-time girl friend was the driver.

Warns Cut Necessary In Arms Spending

WASHINGTON, Nov. 5—(AP)—Senator O'Mahoney (D-Wyo) said today he has cautioned Secretary of Defense Lovett and Pentagon officials to cut next year's military spending to fit the pattern of tax revenues.

O'Mahoney got immediate support in this move from Sen. Flanders (R-Vt), who told a reporter Congress must inform the Defense Department: "Here is how much money we are going to allow you to spend and you shape your budget accordingly."

O'Mahoney said he has conferred with Lovett and Pentagon officials in an effort to head off any outsized military requests.

"From the secretary on down, I told them they had better cut their requests to fit the pattern of revenues or Congress would be likely to do it for them," he added.

O'Mahoney, who heads the Senate-House Economic Committee, and Flanders, a member of the group, agreed that any additional tax increases are unlikely.

"We have reached the limit of taxes, so far as rates are concerned," O'Mahoney said. "The only way we can avoid critical inflation is to keep spending within the limits of revenues."

Elizabeth, Philip Rest Up, Frolic At Quebec Ski Resort

STE. AGATHE DES MONTS, Que., Nov. 5—(AP)—With a small-sized blizzard swirling about them, Princess Elizabeth and the Duke of Edinburgh began the last part of their 8,000-mile tour early today.

They left this snow-blanketed Laurentian skiing resort, 1,500 feet above sea-level, after a two-day holiday in which they concentrated on just plain fun.

The royal tourists headed down the Maritimes for Canada's four Atlantic provinces which will say the farewells. A little Newfoundland fishing fleet will escort the couple to their liner, the Empress of Scotland, Nov. 12.

For the past two days the princess and her handsome husband have enjoyed themselves with such activities as building a Churchill snowman" and throwing snowballs. They went for sleigh rides and they also spent much of their time in their quarters, writing thank-you-notes and telephoning home.

Dr. Whitehead To Resume Practice Here

Dr. William Whitehead will resume the general practice of medicine in Marion Wednesday.

He has spent the fall and summer on the faculty of Medical School of the University of Tennessee in Memphis, Tenn., teaching in the division of anatomy.

His office will be located in the Marion Building, 196 S. Main St.

Dr. Whitehead and his family reside at 146 Clover Ave.

Arms Census

(Continued from Page 1)

veto because the U. S. refused to include atomic weapons.

Word of the U. S. policy shift leaked out as the 60-nation assembly prepared to launch its 1951 meeting here tomorrow. The U. S. was reported asking Britain and France to support its new peace formula, timed to beat Russia to the peace punch before the Soviets have a chance to renew their expected peace offensive.

The main points of the arms census are expected to be:

1. A. U. N. demand upon all countries for a complete accounting of all troops and weapons.

2. An ironclad system for sending inspectors into any country to make first-hand verification of the figures submitted.

In the past Russia has agreed in general terms to accept a system of inspection of atomic facilities, but her terms were never spelled out in concrete form.

The Russian idea—as stated in previous declarations — was for inspectors to be admitted periodically to established facilities. The Russians never have said they would give completely free access to U. N. inspectors to travel about the Soviet Union at will.

The arms census plan is intended as a preliminary step toward general reduction of armaments and armed forces.

BABY SITTER SAVES 7

SPRINGFIELD, Ill., Nov. 5—(AP) — Margaret Galassi, 17-year-old baby sitter, rescued seven children from their blazing four-room frame home yesterday. She had six out when the oldest, 12-year-old Joyce Pitts, realized that the youngest child was still in the burning house and went back. She couldn't find her way out because of the smoke, but the baby sitter re-entered the house and brought both to safety.

United Steel Workers Endorse School Levy

Unanimous support of the proposed four-mill levy to finance Marion's school program was voted by Local No. 2721, United Steel Workers, in a meeting Saturday night. The local represents employes ow the Pollak Steel Co. plant, G. L. Hahn is president of the local.

The proposed school levy will be voted on by citizens of Marion at the polls tomorrow.

OSU-Barred Speaker Asks Explanation

CLEVELAND, Nov. 5—(AP)—A Quaker pacifist minister, Dr. Cecil E. Hinshaw, has demanded that Ohio State University explain why he has been barred as a campus speaker, it was disclosed today.

The Cleveland Civil Liberties Union released copies of a letter which Dr. Hinshaw wrote OSU president Howard Bevis on Oct. 29.

In it, Dr. Hinshaw wanted Dr. Bevis to announce publicly why he had blocked him as a speaker under a new rule requiring that all speakers be screened for possible "disloyal" sympathies.

"In view of the circumstances that gave birth to the rule," Dr. Hinshaw wrote at his Columbus home, "the implication is quite plain that I am considered by you to be subversive.

"Such a charge is a most grave one to make, especially at a time when public feeling runs so high on this question. You have no moral or legal right thus to damage my reputation without being willing to state openly and clearly the reasons for your action."

Dr. Hinshaw was the first and only outside speaker to be denied the campus since the controversial rule was adopted by the board of trustees.

Continued Cold Forecast By Weatherman

Despite a bright sunshine the weatherman refused today to go out on a limb and predict warmer weather. Instead his verdict is cloudy, continued cold and likely snowflakes.

Yesterday the temperature rose from a low of 15 in Marion to a high of 30 degrees in contrast to last year's reading on the same date of a low of 26 to a balmy 41. Heavier snowfall was reported near Galion and places farther east.

Snowfall in Marion and vicinity measured one inch, with ice in many places.

The state highway department was on the job early sprinkling salt on treacherous places throughout this section.

Frigid weather blanketed the nation from Maine to Oregon and south to the Gulf of Mexico — with no relief in sight, The United Press reported.

At least 177 deaths were attributed to the weather. Traffic accidents caused 136, 16 persons died in fires caused by overheated stoves, seven drowned, two froze to death and 14 died in miscellaneous mishaps.

Crop damage was extensive, particularly in the South where the unseasonable cold spell hit cotton and citrus crops.

Boys Picked Up For Shooting In Vernon Heights

Marion County sherriff's deputies reported today the "target practice" sessions in the area south of Vernon Heights Boulevard and east of the Harding Memorial have started again.

Four teen-age boys were apprehended Saturday afternoon after residents of the area reported hearing shots. The four were caught after a search of the grounds. The boys were to appear at the sheriff's office this afternoon when further action will be decided. They were using .22 caliber rifles for target practice, deputies said.

A deputy pointed out that hunting is not allowed in that area at any time and firing guns in target practice was extremely dangerous due to the immediate vicinity.

Eisenhower

(Continued from Page 1)

man's broadcast to the nation next Wednesday led to some speculation that the President might have in mind a major address on Western rearmament problems, including a report on the Eisenhower conversations.

However, this speculation was quickly dispelled by word that the President would talk about some new formula for getting along with the Russians, in connection with moves to be made by Secretary of State Acheson at the General Assembly meeting in Paris.

Official Dies, Probe County Fund Shortage

ASHTABULA, O., Nov. 5—(AP)—State Auditor Joseph T. Ferguson will make a special trip here tomorrow to assist in checking shortages reported in a suicide note by county's late treasure.

Ferguson will be accompanied by his chief deputy supervisor, Willard Noble. A state examiner has been here since Friday, checking the books of the Ashtabula County treasurer, Earl D. Cooper. Cooper committed suicide last Thursday by piping exhaust fumes into his car. The suicide note, addressed to Ferguson and found by the state examiner, said:

"You will find a shortage in my accounts for which I alone am responsible."

There was no indication of how much the shortage was and Ferguson said it would take several weeks to complete the audit.

Ashtabula County commissioner Albert E. Spieth also said county officials had no other knowledge of the shortage.

"It was a surprise to all of us," he added.

A Democrat, Cooper had been treasurer since 1935.

Election

(Continued from Page 1)

F. Stafford, incumbent, D. Clyde Barnhard and Don D. Henize.

Ward Council Races

Contests also are on hand for all six ward council seats.

In the First Ward, Democratic incumbent Harold Smith will be opposed by Republican Clyde Wilson while in the Second Ward, incumbent Democrat James Jenkins is opposed by Carl Rorick, Republican. The Third Ward will decide between Democrat Herman Rinehart, incumbent, and Warren Diehl, and in the Fourth Ward Louis B. Conkle, Republican incumbent, is opposed by Merle E. Peacock. Edward H. Huggins, Democratic candidate, will attempt to unseat Don E. Quaintance, Republican, in the Fifth Ward and in the Sixth Ward Democrat Paul Weber and Republican Harold Fralich will clash.

The present composition of the nine-man City Council is five Republicans and four Democrats.

Only contest on the non-partisan ballot for Marion Township will be for township trustee. Howard McCurdy seeks re-election and is opposed by Clifford E. Willoughby.

Jaycees Step Up Drive

The Marion Junior Chamber of Commerce stepped up its campaign to get out the voters today. A sound truck was set to tour the city this afternoon and tonight to remind voters of tomorrow's election. Every section of the city will be covered by the truck.

The League of Women Voters last week rounded out its pre-election activities. It completed a drive to acquaint Marion voters with the candidates and issues at a special candidates' meeting held at the State Street Junior High School Building last week. Several weeks ago, the League completed work on a special election bulletin listing the city candidates and their views on issues in city government.

A spokesman for the Board of Elections said today an error appeared in a list of polling places released last week. Residents of Ward 2-B will vote at the Oak Street School Building, rather than the Smith Residence at 353 N. Main St.

The board has completed its distribution of election supplies to the various polling places in the city and county. These supplies include the necessary poll books, ballots, tally sheets and other supplies.

Poll workers have been set at all voting places and will include three representatives of each political party. Each board will be composed of a presiding judge, three judges and two clerks.

The weather forecast for tomorrow calls for continued cold weather and snow flurries.

PARKING SPACE FOR VOTERS

Parking spaces at the west side of the Courthouse will be reserved tomorrow for the use of voters in Marion Township North and South precincts, who vote in the Courthouse, the Board of Elections announced today.

Taft

(Continued from Page 1)

Eisenhower won't find themselves on opposing tickets, for he believes the President won't run if the general does.

A somewhat similar opinion was voiced yesterday by a Taft backer, Julius Klein, a national guard brigadier general from Chicago. In a statement yesterday, Klein said that on the basis of a talk with Eisenhower in 1948, he thinks the general would not compete with Mr. Truman if the President seeks re-election.

"Darkness at Noon"

First Play in Drama Series Set Thursday

"Darkness at Noon," the first of three plays to be presented during the fall and winter in the Civic Drama Festival sponsored by the Marion Exchange Club, will appear Thursday night on the stage of the Palace Theater.

A cast of professional actors from New York, with Herbert Voland in the leading role of Rubashov, will present the play, written by Sidney Kingsley and based on a novel by Arthur Koestler. "Darkness at Noon" ran on Broadway for several years and received a Drama Critics Award.

An explanatory note on the program states: "The action of the play fluctuates between the events actually taking place in the material world of a Russian prison and events visualized by Rubashov, as a memory, of what has occurred in the past. Rubashov and the action move freely back and forth through time and space encompassing the rule of the Russian Tzarist regime; the overthrow of this regime by the Russian Revolutionaries and Bolsheviks; the final ascendancy to power of present day Communism and the utter havoc and destruction of human dignity which follow in its wake."

The three-act play will begin at 8:15 p. m.

General admission tickets for the production went on sale today at the Palace Theater boxoffice for $1.50 plus tax, and will be sold until curtain time Thursday night.

Season tickets for the three plays may also be purchased at the boxoffice this week. In addition to Darkness at Noon," "Voice of the Turtle" will be presented Dec. 20 and "Heaven Can Wait" will appear Feb. 28.

At a luncheon meeting of the Exchange Club in Hotel Harding Friday, Carl Haberman, treasurer of the group, reported that season ticket sales for the three plays amounted to more than $2,100, with more to be turned in later.

Proceeds of the sale will be given to the Marion County Juvenile Court for the benefit of wards of the court.

Members voted to approve the signing of contracts to use the Coliseum for the fourth annual Home Show, to be sponsored by the club March 23 through 26, and to engage the G.M.G. Associates of Springfield to promote and manage the show.

MAKING WEDDING PLANS. Frank Sinatra and Actress Ava Gardner walk arm in arm through Penn station in New York on their return from Philadelphia where they filed an application for a marriage license. A friend said the couple would return to Philadelphia to be married, and one published report was that the wedding might be next Wednesday. Pennsylvania law requires a three-day waiting period between application and issuance of the marriage license.

Police Report Six Week-End Auto Mishaps

Three Involve Parked Cars, Hit-Skip Drivers

Police today reported six traffic accidents, three of them hit-skit accidents.

Two parked cars, both of them owned by William R. Gibbon, 35, of 363 S. Prospect St., were damaged when struck by a hit-skip auto at 9:35 a.m. Sunday. Police reported both cars were parked together in front of the Gibbon home.

Minor damage resulted when a parked car owned by Joe C. Richardson, 26, of 625 Henry St. was struck by a hit-skip auto at 1:10 a.m. today. The car was parked in front of the Richardson home.

Baker Auto Hit

At 7:30 p.m. Saturday a parked car owned by W. O. Baker, of 346 E. Farming St. was struck and slightly damaged by a hit-skip auto, police said. The auto was parked in front of the Baker home.

A car driven by Jay H. Marsh Jr., 30, of 1143 E. Center St. skidded on icy Windsor St. and struck a utility pole at 1:34 a.m. Sunday. The car was considerably damaged, police reported.

At 7:05 p.m. Saturday cars driven by James Hawkins, 29, of 246 Jefferson St. and Samuel Jolliff, 33, of 423 Pies Ave., collided on E. Center St. After the collision the cars struck a parked car owned by H. L. Bratton of 605 S. Prospect St. All three autos were damaged in the collision.

Autos Collide

Cars driven by LeRoy N. Sisson, 18, of 512 Park St. and Bert L. Manley, 69, of 226 E. Mark St., collided on N. State St. at Short St. at 2:26 p.m. Sunday, police reported. Both cars were damaged.

More Chest Funds Received

Total Reaches $91,193.48

Contributions continue to come in from communities throughout the county, helping to swell the 1951 Red Feather Community Chest Campaign Fund.

To date nine villages and townships have contributed $1,049.38. This is $12 more than was subscribed last year at this time. Several important county divisions are yet to be heard from, J B Bray, campaign chairman, said today.

Contributions turned in by workers and received through the Community Foundation office since the close of the drive on Oct. 25, has increased the total amount to $91,193 48

County returns to date are as follows: Grand Prairie Township $73, Big Island Township $73.70, Richland Township $25, Tully Township $94 50, New Bloomington $14, Caledonia $218.75, Green Camp $116.87, LaRue $232.46, Pleasant Township $137.11.

Persons wishing to make contributions to the campaign and who may have been overlooked in the drive may do so by calling the Community Foundation office 2-1702, and the gifts will be picked up.

The United States set a new record in 1949 when, for the first country recorded only one death time in medical history, this for each 1,000 births.

7 Die in Week-end Traffic Accidents

By The Associated Press

Only seven persons were killed in week-end accidents in Ohio as snow, ice and freezing temperatures thinned traffic on streets and highways

Although none of the state's highways was impassable, the State Highway Patrol reported a much lighter than usual traffic.

Service to the Living Is Equally Important . . .

While any capable funeral service must be able to properly care for the deceased — and we are second to none in that work — there is another equally important consideration.

It is service to the living. Many of the investments we have made in Funeral Home and equipment, and much personal effort go toward aiding the families who have entrusted us with arrangements.

These are the things that cause so many families to choose Hughes Funeral Service. It is something to remember.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate — and a complete and utter freedom from mechanical complications is what makes Dynaflow Drive* such a joy.

It's the woman who has an eye for style and fine fabrics — and a nose for economy. On both counts, a Buick is tops!

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart — by its level-gaited stride — its willing response to her hand on the wheel — its smart style and its smart performance — its spaciousness and comfort — and its thrift.

How about taking time off, some afternoon soon, to boss around a Buick? It's a date that's bound to thrill you.

CIO Weighs Peace Offer From AFL

Murray Voices Little Hope Of Mutual Agreement

NEW YORK, Nov. 5—(AP)—The CIO convened today, 16 years after it split from the AFL, weighing new peace offers from the parent labor group.

But the olive branch was treated lightly by CIO President Philip Murray in his report to the convention.

Murray commented that the AFL had deliberately broken up the United Labor Policy Committee (ULPC), in which the two big federations had cooperated for nine months.

He described the ULPC as "the most hopeful display of labor unity this nation has ever seen."

Disagreement

Murray also said "I do not believe that the leaders and members of the unions of the CIO want organic unity on the only terms which the leaders of the AFL are apparently ready to offer—an organic unity in which the glorious record of industrial unionism will be subject to overriding by the craft union philosophy which still dominates the AFL."

It was that difference over craft versus industrial organization which caused the 1935-36 division within the AFL leading to creation of the CIO.

Murray's report was written before the latest move by AFL President William Green—a letter inviting the CIO to meet with the AFL and talk about merger. But that wasn't considered likely to change things much, according to those close to Murray.

In his keynote speech today, Murray was expected to make a public reply to Green on that subject.

Green conveyed to Murray the statement of the AFL convention in San Francisco in September, which expressed a desire for merger with the CIO and asserted that organized labor unity was needed now more than ever.

Writes Letter

Writing to Murray yesterday, formally notifying him of the AFL convention proposal, Green said:

"A committee representing the American Federation of Labor stands ready to meet and negotiate with a committee representing the Congress of Industrial Organizations for the purpose of negotiating an agreement provided for the termination of division and the establishment of organic unity."

The AFL has more than 8,000,000 members, the CIO more than 5,000,000, according to reports of both groups.

Feature New Brake

New Packard Models Announced

A 1952 PACKARD PATRICIAN "400," one of the new models announced today by the Packard Co., is pictured above. New models probably will be displayed at the Smith Motor Sales at 131 N. Prospect St. around Nov. 14.

* * *

The 1952 model Packard automobiles were announced today by the Packard Motor Car Co. at Detroit.

Featuring a newly - designed brake, the new models will go on display at dealers' showrooms throughout the country on Nov. 14. The Smith Motor Sales at 131 N. Prospect St. will receive their first new models around that date.

The new type brake has been called Easamatic by Packard officials and will be offered as optional equipment on all new models.

LeRoy Spencer, Packard executive vice president, said the 1952 Packard line contains more than 70 mechanical changes and improvements.

Highlight of the 1952 Packard is the new power brakes, which makes brake application "almost as effortless as pressing the accelerator pedal," he said. The brakes reduce pedal pressure an average of 40 per cent, while the time required to move the toe from the accelerator to the new treadle-type unit is cut an average of 29 per cent.

Vacuum Power

Power for the new unit is supplied by vacuum from the engine through a simple cylinder mounted under the toe board and directly connected with the brake treadle.

The treadle is only slightly more than four inches from the floor as compared with the conventional vertical pedal which is nearly eight inches from the floor. Instead of using the entire foot to step on the brake, the driver with Easamatic simply pivots his toe from accelerator to the brake.

Another highlight of the new Packards for 1952 is the color treatment. New hues are offered, with emphasis on colorful two-tone combinations.

The 1952 Packard Thunderbolt engines develop 135-horsepower in the "200" and "200" deluxe, both of which are on a 122-inch wheelbase; 150-horsepower in the Packard Mayfair and Packard convertible, on a 122-inch wheelbase; 150-horsepower in the "300," on a 127-inch wheelbase.

With Ultramatic, standard in the "400," Packard Thunderbolt power turns up 155 h.p. at 7.8-to-1 compression ratio, still the highest in the industry for full-size engines, and wheelbase is 127 inches.

The engines of the "200" series step up to 138 h.p. at 7.5-to-1 compression ratio with Ultramatic drive, optional at extra cost, while so equipped Mayfair, Convertible and "300" models rate 155 h.p. at 7.8-to-1 compression ratio.

Other Refinements

Refinements include new, more massive grille and bumper treatment for the "200" models, new moulding, emblems and bonnet ornaments for the entire line and special nameplates for the "300" and Patrician "400."

Ultramatic — unchanged, in principle — has undergone extensive refinements to give improved and more positive operation. Heading the list is the adoption of a smaller direct drive clutch for softer action, less drag and improvement in kickdown operation. It also makes possible more efficient use of the converter.

Also, available as optional equipment is a new, heat-resisting glass for all models. The new glass reduces heat entering the car from 10 to 15 per cent and is "much more restful on the eyes," Spencer said.

Library Group Sets Year's First Meeting

Marionite's Husband To Receive Special Service Citation

The annual meeting of the Martha Kinney Cooper Ohioana Library Association honoring Ohio authors of the year will be held Saturday, Nov. 10, at the Neil House in Columbus. Joining members from all over the state will be a number from Marion County.

The Ohio Career medals of 1951 will be presented to two outstanding Ohioans, Howard Chandler Christy and Lowell Thomas. Annual awards will be presented to Amy Kelly for her book, "Eleanor of Aquitaine and the Four Kings," Richard Altick for "The Scholar Adventurers" and Mary Jobe Akeley for her "Congo Eden." Special medals will be awarded Marion Renick, Frank Siedel and Robert Harper.

The luncheon will be at 12 o'clock in the main ballroom of the hotel and welcoming the group will be Governor Frank J. Lausche. Citations for meritorious service to the state will be presented to Edward S. Thomas, whose wife is the former Miss Marion Washburn, daughter of Mr. and Mrs. Darius Washburn of Morral, and a former teacher in the Marion public schools, and Earl N. Manchester. The book, "150 Years of Ohio Authors and Their Books," will be presented by the editor-in-chief, Ernest J. Wessen, and music of Oley Speaks will be by the Men's Glee Club of Capital University under the direction of Wilbur E. Chrst.

Reservations for the meeting and luncheon are to be made before Nov. 7. Miss Pansy Rauhauser is county chairman. Anyone interested in attending the meeting may call Miss Rauhauser.

The book, "150 Years of Ohio Authors and Their Books," will be edited by Mr. Wesson, noted bibliographer. He will be assisted by many writers who are authorities in special fields.

Proceeds of the annual sale of the annual Ohio Pictorial Engagement book will go towards the publication of the book. The 1952 edition containing 30 photographs of the Ohio scene and 30 pages of descriptive text, is now on sale.

The book to be published in connection with Ohio's sesquicentennial observance will record names and instances of national importance whose Ohio origins have been forgotten.

SEW FOR BAZAAR

An all day meeting of Wesley Methodist Circle Three was held Thursday at the home of Mrs. L. A. Snedeker on Sugar St. At noon a covered dish dinner was served. Grace was spoken by Mrs. Wilson Massie, a guest. Sewing was done for the bazaar to be held at the church in December. During business in the afternoon, a committee was appointed to serve refreshments at the WSCS meeting, including Mrs. R. A. Titus, Mrs. R. R. Thornberry, and Mrs. L. E. Reardon. A committee to arrange and decorate a booth for the bazaar was named consisting of Mrs. George Clark, Mrs. W. F. Williamson, Mrs. Nellie Myers, and Mrs. P. D. Robinson. Devotions included repeating of Psalm 23 in unison and prayer by Mrs. S. E. Morral, another guest. Both she and Mrs. Massie are Morral residents. Another all day sewing meeting will be Nov. 15 at the home of Mrs. Jerry Clunk on Mound St.

CAPT. CHARLES C. CARMEAN

Capt. Carmean In New Post

Former Recruiter Leaves for Far East

Capt. Charles C. Carmean of the Army Signal Corps, former commanding officer of the Marion Army and Air Force recruiting station, left last week for duty in the Far East Command. The captain served at the Marion recruiting station for a year and a half until January, 1951, when he left to accept a commission in the Signal Corps.

He was stationed at the Philadelphia, Pa., Quartermaster Depot as post signal officer until his assignment to the Far East.

The captain's wife, Cleo, is the daughter of Mr. and Mrs. B. D. Betz of 213 E. Mark St. The couple were married in Marion in March, 1950. She will make her home in Columbus until she can join her husband overseas.

Capt. and Mrs. Carmean spent October in Marion visiting Mrs. Carmean's parents. Captain Carmean is the son of Mrs. Maye Carmean of Galena in Delaware County.

Marion, Area Students Enroll at Kent State

Three Marion students and a LaRue student have enrolled as freshmen at Kent State University at Kent.

They are: Robert J. Caulfield Jr., son of Mr. and Mrs. Robert J. Caulfield of 645 Windsor St.; Charlene Kerrey, daughter of Mr. and Mrs. Charles F. Kerry of 285 Marion Ave.; James Busch, son of Mr. and Mrs. A. F. Busch of 712 Uhler Rd., and Lawrence Smith of LaRue.

Smith is a graduate of LaRue High School. Busch is a graduate of Harding High School, and Caulfield and Miss Kerrey are graduates of St. Mary High School.

The students are members of a freshman class of 1,200 at Kent. Their classes for the fall quarter began Oct. 1.

FALSE TEETH

That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder on your plates Holds false teeth more firmly so they feel more comfortable. Does not sour. Checks plate odor (denture breath). Get FASTEETH at any drug store. —Adv

Ham Casserole Is New Twist on Old Favorite

IT'S a new approach to things that brings a much-needed pickup to everyday living, and when you're in the mood for something different, you can't go wrong if you decide to try out a new recipe on the family. Especially if it's a recipe like this ham casserole—it's a new twist to an old favorite with economy savoriness and versatility that will have everyone in a pleasant mood.

GOLDEN HAM CASSEROLE

1½ to 2 cups diced leftover ham
1 T vinegar or lemon juice
1 cup milk
2 eggs
Salt, pepper
1 cup grated cheese
2½ cups uncooked noodles
1 T grated onion
Choice of ½ cup sliced stuffed olives, sliced celery, fried mushrooms or cooked peas

Stir vinegar or lemon juice into milk and let stand a few minutes. Combine ham, milk, slightly beaten eggs, ½ teaspoon salt, ⅛ teaspoon pepper, cheese and the noodles which have been cooked in boiling water until barely tender; then rinsed in warm water. Add olives, celery, mushrooms or cooked peas (or use more than one of these if desired). Pour mixture into a greased casserole. Top with buttered bread crumbs or crushed cereal flakes and bake in a 375 degree F oven for 35 minutes. Serves 5 to 6.

CIRCLE PLANS BAZAAR

Wesley Methodist Circle Two met Thursday for a work meeting at the home of Mrs Charles Clark on Avondale Ave. Plans for a bazaar at the church in December were discussed, and a comforter was knotted. Mrs H C Wendler reviewed chapters of the study book, 'Now' and Mrs R G Smallwood read Psalm 19 and offered prayer. A Christmas exchange meeting will be held at the home of Mrs Carl Lewis on West Farming street.

New Rubber Base Paint Ideal For Basement Floors and Walls

Here at last, is the answer to a problem that has puzzled homeowners ever since basement floors have been made of concrete.

VALCO is an amazing new rubber paint especially made to DAMP-PROOF . . DUST-PROOF . . BEAUTIFY and PRESERVE basement floors and walls.

Comes in attractive non-fading washable colors, DRIES within ONE HOUR and produces a tough durable finish that moisture and alkalies cannot peel off . . . Even repeated washings with strong soaps or cleaning compounds have no effect on the original beauty of this remarkable Rubber Base Coating that stops those damp wall and underfoot conditions.

VALCO may be applied on New or Old Concrete Floors, Cement Block, Tile or Stone Walls — requires no special Primer or Sealer and may even be used over wall surfaces previously coated with calcimine, white-wash or cement paint.

By using VALCO unused basement space can be converted into a playroom, work shop, or den at very little cost. It's easy to apply, brush it on, yourself . . Paint now, while basement is dry.

In Marion, VALCO can be purchased at Brinnon's Color Center, Al Hacker, Manager, 136 S Main St. Phone 2-1920.

Real Estate Head Speaks at Bucyrus

Special to The Star

BUCYRUS—LeRoy Parsons of Columbus, executive secretary of the Ohio Association of Real Estate Boards, was the guest speaker Thursday at the monthly meeting of the Bucyrus Real Estate Board.

Mr Parsons asserted it is up to local, state and national real estate boards to retard and destroy socialistic aspects of the building and real estate industries. Samuel E. Auck, a realtor and insurance agent here since 1908, related the history of Bucyrus' real estate activities during the past 43 years.

Prospect Street Church W.S.C.S. Holds Meeting

A meeting of the W.S.C.S. of Prospect Street Methodist Church was held Thursday afternoon at the church with Mrs. Minnie Starner, Mrs. Roy Selter, Mrs. Harry Selter and Mrs. John Schultz serving as hostesses.

Mrs. William Krautter, president, presided for the meeting which was opened with group singing and prayer and during which reports of committee chairmen were heard and 35 calls were reported made. A report was given by Mrs. Moses Schrote, supply secretary, that two quilts had been sent to the South Side Settlement House in Columbus. Members were asked to bring Christmas gifts for children to the December meeting which will be an all-day meeting with sewing to be done in the morning and a potluck dinner at noon. The fellowship committee, headed by Mrs. John Schrote, will be in charge. Plans were made for the members to donate baked goods or money for a Harvest Home Festival to be held by the Senior Youth Fellowship of the church on Thursday, Nov. 15, at the church, beginning at 6 p.m.

Devotions on the topic, "South of the Border," were conducted by Mrs. Albert Bechtle, and Mrs. George Bechtle presented the program topic, "Latin American Welfare." Readings were given by Mrs. John Schott on 'Fruits of the Spirit," and by Mrs. John Dietsch on "The Grace of Gratitude."

In observance of the Week of Prayer and Self Denial in the Methodist Church this week, the Society and the Wesleyan Service Guild of the church held a joint service Wednesday night. Mrs. John Dietsch presided and the program included group singing, scripture and prayer, a chapter of the study book, "We Americans, North and South," reviewed by Rev. Evan Owens, a vocal duet, "My Lord and I," by Mrs. John Kerr and Mrs. Otto Long, accompanied by Miss Mary Ellen Kerr, a chapter of another study book, "He Wore Orchids," reviewed by Mrs. Merle Hughes, and a talk on the projects the money contributed during the week is used for by Mrs. John Werbel.

The American Civil War provided the first large-scale military theater for the use of free balloons in aerial reconnaissance.

Replaces Old One Destroyed by Fire

New Prospect Elevator Nearing Completion

THE NEW ELEVATOR and grinding mill of the Prospect Farmers Exchange is shown above. The warehouse at the left is nearing completion and should be finished within two weeks.

WALTER PRIOR OF PROSPECT, left, manager of the mill, goes over the company books with Bill Miller of Prospect, bookkeeper. Five other employes work at the exchange.

After almost a year of planning and work, the new elevator and grinding mill of the Prospect Farmers Exchange is nearing completion.

The former elevator, which stood on the site of the new $50,000 building, was destroyed by fire Jan. 30 of this year.

The plant is located on E. Water St. in Prospect at the Chesapeake and Ohio railroad crossing

Heads of the Exchange are anxious to get the new mill into full operation since all of the company's grinding and storage facilities were destroyed when the building burned. Although not finished, the building has been pressed into use.

In Business 31 Years

The Farmers Exchange has been in business in Prospect for 31 years.

The company's financial report shows that in the year ending May 31, 1941, the Farmers Exchange had a sales volume of $107,218. In the last fiscal year the company showed a sales volume of $441,386. Sales volume is way off this year because of the fire.

Many of the farmers who do business at the mill are stockholders in the company.

The building that burned was an old flour mill which had been built many years before. At the time it was destroyed it was being converted into a modern grinding mill for use by the exchange. The origin of the fire was never determined.

Begin Construction in March

Planning for the new mill was started immediately. Actual construction began in March. The new building is 40 by 40 feet with an attached warehouse which is 30 by 80 feet. The warehouse is nearing completion at the present time and should be completed within two weeks.

The exchange also operates in another building just across the street from the new one. Seed cleaning and hardware sales are the only activities carried on there, however.

The company offices are also located in that building.

Company officers are B. J. McNeal, president; Carl Russell, vice president; Paul D. Smith, treasurer; and Henry Hoch, secretary.

The directors are E. L. Roberts, S. D. Smith, Harold F. Smith, John W. Jones, and Robert Isler.

The company has seven employes. Walker Prior is manager.

In the "sky survey" being made at the California Institute of Technology, adjoining sections of sky are captured on 14x14-inch photographic plates.

Four Seek Two School Board Posts

Two members of the present Marion County Board of Education are seeking re-election at tomorrow's election.

They are O. M. Mills of Caledonia and Emmet L. Trout of near Marion. Also seeking election to the two posts on the board are Donald Huckman of Prospect and Edwin Carey of near Green Camp.

Debt in Blood

By Hal Boyle

NEW YORK

A WOUNDED officer whose one-man battlefield rampage won him the Medal of Honor is now on a one-man campaign to get more blood for troops in Korea.

"It's a personal thing with me," said Capt. Raymond Harvey, who at 31 has been wounded three times in two wars. "I'd be dead except for the 12 pints of blood and plasma I got.

"And I want to pay it back."

Harvey got hit twice and won two Silver Stars for combat heroism as a company commander in the 79th Division in Europe during the Second World War. He refused to leave his outfit despite his wounds and was the only officer in the division to stay in command of his company through the entire campaign.

Hal Boyle

He went ashore in Korea as a company commander in the Seventh Division, and made two amphibious landings.

"Our company was the first to reach the Yalu river a year ago," he recalled proudly.

The captain had been awarded a third Silver Star before the action last March 9th that won him the Medal of Honor, the nation's highest reward for valor.

* * *

LEADING A PLATOON up a ridge, he braved strong automatic fire and personally knocked out four emplacements with hand grenades and his carbine. Of 25 enemy dead in the action, he killed at least 10 before he was shot through the lung.

Harvey refused even then to be evacuated until he was sure his company could complete its attack successfully.

"It took my corporal and four Korean litter bearers nine hours to get me down out of the hills and back to an aid station," he said. "Six hours after that I was in a tent in a mobile surgical hospital being operated on."

He remembers that the soldier on the cot next to him was one of his own sergeants. The sergeant had lost his right hand from an enemy burp gun, and kept saying ruefully, "how am I going to write home to the folks?"

* * *

THE SURGEON WHO operated on Harvey told him later he was surprised he survived. But prompt blood transfusions and the young captain's will to live pulled him through.

"I was in hospitals for four months," Harvey said. "Often I wondered who had given the blood that saved my life. Perhaps, however, it's just as well you never know. The important thing is that they did give it. And I decided I'd pay back the debt—with my own blood."

During his convalescence Harvey worked as a technical advisor on 20th Century-Fox's Korean war film, "Fixed Bayonets," and played a small role. He is now assigned to the Department of Defense's blood collection program.

Hospital doctors told him he should wait a year at least before giving any blood himself. But recently, although his back still is draining from his unhealed wound, he insisted on making the first installment on his debt—a pint of his blood.

"It didn't bother me at all," he said, "and the doctor says I can give a pint now every two months. There's nothing to it really—no reaction. I gave four pints at different times before the Korean war began."

* * *

HARVEY SAID he isn't disillusioned at the slowness of the American people to respond to urgent appeals for more blood.

"Our people never let their soldiers down before," he said. "I don't think they appreciate how desperately the blood is needed. If they could just realize that the blood they give is the chief reason that 98 out of every 100 wounded men in Korea survive, they'd support the program 100 per cent."

Calvary Church Revival In Second Week

The second week of revival effort at Calvary EUB Church opened Sunday, with both morning and evening services in charge of Rev. H. L. Zachman of Canton. He will be heard each night at 7:30 through Friday. The Men's and Women's Class, taught by Charles Feaver, will attend in a body Wednesday night.

At the Sunday morning service, Rev. Zachman's message was on "Life or Death." He pointed out that coming face to face with life or death is always a very important place in one's life, in many instances, a crisis, and said, "You choose Christ when you choose life. If you do not have Christ you do not have life. We are never saved by what we do, but by what has been done for us."

For the evening service, Miss Patty Haines sang "Sometime." In his sermon, Rev. Zachman said in part: "You and I can know that we are saved. We can know that our names are written in the Lamb's book of life. You must find this out if you do not already know. The time for you to pray is while you have strength to do so. Do not wait until you are too weak."

Elizabeth and Philip

By Inez Robb

WASHINGTON

EVER since I went into the newspaper business, one of my chief gripes has been the character who comes around, after I have been knocking myself out on a story, and asks in a wheedling, confidential voice "What did you really think of him—or her—or it? Come on, give me the low-down!"

Every conscientious reporter spends his time on any story trying to get at the truth to tell it to the best of his ability. A reporter beats his brains out trying to get at the truth and write it, and then some jerk walks up and asks for "the real pitch and the low down," as if the reporter had been making up the yarn as he went along.

Inez Robb

Well, one too many yahoos has asked me what I "really" think of Princess Elizabeth and her husband, the Duke of Edinburgh. And I am beginning to do a slow burn, because I have just spent some of the hardest-working days of my life writing exactly what I thought of them.

* * *

SO I'LL SAY IT AGAIN: I thought she was pretty as a picture, a glutton for punishment and a real game kid, and I wouldn't have her job for a billion cash, with Philip thrown in to bind the bargain.

Not that I've got anything against Philip, it's just that her job is too tough for the likes of me. As for Prince Philip: he is the answer to a maiden's prayer and if anyone deserves him, she does.

He is, I suspect, a kind of 1951-52 model Valentino, and if Hollywood could get its hams on him, he might revive the movies and drive TV right back into the woodwork. A real gone guy, that Philip.

And let me say it again: He seems like a real nice Joe who tries as best he can to ease the stupendous burdens of her royal position. He knows his place, which is not a very kind thing to say—and I don't mean it unkindly.

* * *

WHAT I MEAN is that he never consciously steps into the limelight or even shares it unless pushed. And yet, quite obviously, no one pushes Philip, not because he is royal but because he is a man.

At one point in their Washington visit, I will confess that I was rather browned off, if the British will lend me a phrase. I thought their royal highnesses were patently bored and made no attempt to hide it at the press reception given in their behalf a few hours after they landed in Washington.

It seemed to me they were looking down their royal noses and it got my democratic dander up.

They both looked so glum I was on the point of going up to her royal highness and saying "Look, kid, we only have one thing in common: we're both paid for coming here—me to write, you to smile. So, for pete's sake, smile!"

* * *

BUT WHEN I GOT UP real close to the princess and her prince, it was plain that both were out on their feet. They were dead beat, just as I am now, after following them around and writing about them for only three days.

At 25, Elizabeth lacks her mother's mature warmth, which is understandable, and the queen's dazzling smile that never comes off. And she is inclined to be stiff rather than regal.

But a member of her entourage says that if the princess seems unable to unbend it can be traced directly to her royal mother and grandmother, both formidable women.

* * *

THEY, ACCORDING to this member of the princess's staff, spent the last six weeks before Elizabeth's departure for the new world, telling her she must never, never, never forget her dignity, i.e., the royal dignity. Like to scared the daylights out of her, this party thinks.

Me, I think they would have been a lot more helpful if they had told her it doesn't hurt to be human!

Otherwise, the kid's going to get stuffy, sure as shooting. And one Queen Victoria is enough.

But, as I said, her job is a woman-killer and I add, in all sincerity, God help her!

Junior Red Cross Representatives Attend Meeting

Junior Red Cross activities were presented at a dinner meeting of representatives of the junior group recently at the Forest Lawn Presbyterian Church Community House.

Talks on the leadership training course taken at Camp Limberlost last summer were given by Patty Holliday of Harding High, and Ruth Burton of Pleasant Township High Schools. The two were chosen by the student council to represent the county Junior Red Cross at the camp. Ruth Burton is president and Patty Holliday vice president of the student council.

A talk on the aims of the Junior Red Cross was given by Ivan Barnhart, chairman of the Marion County Chapter of the Red Cross.

The first student council meeting this year will be held Friday afternoon at 4:30 o'clock in the Red Cross office. All council representatives were asked to be present.

The following Junior Red Cross executive committee members were presented by Mrs. Marvin Brown, Junior Red Cross chairman: Mrs. Ione Lane, gift boxes; Mrs. Forest Flockencier, displays; Mrs. Tom Clark Jr., international correspondence; Mrs. Richard Slack, production; Mrs. William Hamor, community service; Mrs. J. H. Harmon, health and safety services. Lester L. Dickey, Ivan Barnhart and Very Rev. William J. Spickerman, V. F., make up the advisory committee.

Veterans and Draftees Guide —By— Major Thomas M. Nial

YOU MAY APPEAL any draft classification within 10 days after your board mails you a Notice of Classification. As a matter of fact, you may ask for a personal appearance before your board during that 10-day period and appeal even later if your board agrees to accept an appeal.

Whenever you appeal, whether before or after you face the board in person, you always do it in writing. Just write a letter to the board, saying "I hereby appeal my classification of 1-A." You'll find the board's address on your Notice of Classification card. In your letter give your Selective Service number and the date your Notice of Classification was mailed.

Include in your appeal letter any information about your status which should be in your draft record but isn't. Think hard about that. If you really and truly are in flint for a deferment but were classified 1-A it might be because your board didn't have enough information, or the right kind, in your draft record.

* * *

You can always visit your draft board office and take a look at your file. Or you can give someone else written permission to do it. That way you can see just what picture your board has of you and what additional information should go in the file to make the picture complete and accurate.

If the board clerk hesitates to let you see your file, just point out Selective Service regulation 1870.8 which authorizes you to do it.

"The person appealing," draft regs say elsewhere, "may attach to his appeal a statement specifying the matters in which he believes the local board erred, may direct attention to any information in the registrant's file which he believes the local board has failed to consider or to give sufficient weight, and may set out in full any information which was offered to the local board and which the local board failed or refused to include in the registrant's file."

When it gets your appeal letter, the board sticks it in your file and sends the whole file off to a state appeal board within five days. The state board classifies you as if you were being classified for the first time, basing its decision on what is in your written draft file. It then sends the file back to the local board, which send you still another Notice of Classification with the vote of the state board on it.

* * *

If the state board's vote was unanimous, you have no further appeal. All you may do then is write your state Selective Service director or General Hershey, present your case and ask that they appeal it further.

But if the state board's vote is not unanimous, then you yourself may appeal to the Presidential Appeal Board, your last board of review. You do it by again writing an appeal letter to your own local board within 10 days after your latest Notice of Classification is mailed.

Here are some important facts to remember about appeals:

1. You may appeal after the 10-day appeal period only if your local board allows it.

2. Any of your dependents or anyone who has filed a written request for an occupational deferment for you may also file an appeal.

3. Another person who may appeal for you, right up to the time you get actual induction orders, is your Government Appeal Agent. Every local board has one, it's his job to advise you of your rights. If he thinks an injustice may have been done in your classification, he may appeal for you.

4. While an appeal is in progress you may not be ordered for induction.

5. If you don't get any results from your appeal for some time, don't worry. Some state appeal boards are a month or more behind. You'll hear eventually.

* * *

(You may write Major Nial care of this newspaper about your own service-connected problem, but please enclose a self-addressed stamped envelope).

DEATHS and FUNERALS

Harold McBride

Harold McBride, 51, of Columbus, Great Lakes Greyhound Lines bus safety supervisor and formerly a driver on routes through Marion, died Friday at Grant Hospital in Columbus. He had been ill several months.

At the time of his death, he had held the position of safety supervisor a year, and before that had driven for the Red Star Way bus lines and its successor, Greyhound. His routes had taken him through Marion daily from 1930 to 1950. His record covered a period of 26 years of "perfect driving" since he entered the employ of Red Star Way in July, 1924, at St. Clairsville, O.

Surviving are his widow, his

Surviving are his widow, Mrs. Lulu McBride, his parents, Mr. and Mrs. Frank McBride of Cambridge, and sons, Harold McBride Jr. and Charles McBride, both of Columbus, and a sister, Miss Helen McBride of Cambridge.

Funeral services were to be held at Columbus today with burial following in Forest Lawn Cemetery there.

William Benton Duke

William Benton Duke, 49, of Cleveland died at Lakeside Hospital there Saturday morning after an illness of several months.

He was born in Richwood July 22, 1902 and was the son of Dr H. C Duke and Laura Cahill Duke.

Mr. Duke, a graduate of Wooster College and the Harvard graduate school in business administration, had been associated with the Ohio Bell Telephone Co. at Cleveland for 22 years. He was a member of the First Presbyterian Church of East Cleveland and had served as an elder and trustee. He was a member of Cleveland Masonic organizations and a member of the Telephone Pioneers of America.

He is survived by his mother, his wife, the former Eleanor McClure of Pittsburg, two sons, Richard, a student at Wooster College, and Robert, a student at Shaw High School in Cleveland, and a sister, Mrs. Mildred Montgomery of 946 E. Center St.

Funeral service will be held tonight at 8 in the Merle Owen Funeral Home in Cleveland. Burial will be made Tuesday at 2 p.m. in the Claiborne Cemetery. Friends may call at the Winter Funeral Chapel in Richwood Tuesday from 11:30 a.m. until 1:45 p.m.

Mrs. Don J. Weber

Mrs. Leone Weber, 42, wife of Dr. John J. Weber, formerly of Richwood, died at 1 p.m. Sunday in Columbus of a heart attack. The Weber home is in Millersburg, and Dr. and Mrs. Weber were visiting friends, Dr. and Mrs. E. J. Welch, in Columbus when Mrs. Weber was stricken. She had attended the Ohio State University football game Saturday afternoon.

Born Nov. 6, 1908, at Bainbridge in Ross County, she was a daughter of Dr. William W. Davis and Elizabeth Spurgur Davis. Her marriage date was Jan. 11, 1930. She was a graduate of Bainbridge High School, attended Ohio Wesleyan University at Delaware, and received a Bachelor of Science degree at OSU. Dr Weber practiced medicine at Richwood a number of years before entering military service during World War II. He had been at Millersburg two years. Mrs. Weber was a member of the Millersburg Methodist Church.

Surviving with her husband are a son, Joel, 14, and a sister, Mrs. Clara Davis of Capitola, Calif.

Funeral services will be conducted Wednesday at 2 p.m. in the Elliott Myers Funeral Home in Millersburg. Rev. Thomas Cromwell will officiate. Burial will be in Oak Hill Cemetery at Millersburg. Friends may call at the funeral home.

Wilford W. Johnston

Wilford Walker Johnston, 67, of 201 S. Vine St., died at 7 a.m. today in a Columbus hospital. He had been ill three years.

Born May 4, 1884, in Green Camp, he was a son of Rezin W. Johnston and Villetta Thomas Johnston, the father a native of Green Camp and the mother of Van Wert. In 1912, at Jacksonville, Fla., he married Grace Lingeman who died some time ago. A resident of Marion 35 years, he came here from Jacksonville. Following the occupation of barber at Jacksonville a number of years, he worked at his trade here on coming to Marion and was employed last by Stephen J. Hart, barber, at 126 S. Prospect St. He was a member of Salem Evangelical and Reformed Church.

Surviving are sisters, Mrs. Irl Reasoner of the S. Vine St., address and Mrs. M. E. Baldwin of 196 E. Washington Ave.

EX-NEWSMAN DIES

SPRINGFIELD, O., Nov. 5—(AP)—Orton G. Rust, 69, historian, author and former newspaperman, died last night in Mercy Hospital. He had been ill since Oct. 6 when he suffered a heart attack.

Use A-Bombs, Senator Says

WASHINGTON, Nov. 5—(AP)—Senator Edwin C. Johnson (D-Colo) today urged use of atomic weapons against the Communists in Korea—and said the possibility of retaliation by Russia is "too absurd to consider."

Johnson, a member of the Senate House atomic energy committee, spoke out against the background of the latest series of atomic tests in Nevada. He declined to discuss information he has about the outcome of those tests, except to say they showed "great progress" in building America's atomic might.

The Colorado lawmaker told reporters he saw "no conflict at all" between his call for use of atomic weapons in Korea and his statement last night that the small countries of the United Nations "must strike a hard blow for Korean peace right now before it is forever too late."

In that statement, Johnson said the United States and the other great U.N. powers have made only "futile efforts to end the violence" in Korea and had "forfeited the trust" placed in them.

REJECT SOVIET DEMAND

PARIS, Nov. 5—(AP)—The Fifth United Nations General Assembly rejected at its final session today a Russian demand that the question of giving China's seat to the Communists be given priority in the Sixth Assembly, opening tomorrow. The vote was 11 for, 20 against and 11 abstentions.

St. Mary Edges Mansfield Madison, 7-6, In Final Period

TROJANS GALLOP OVER ARMY, 28-6. Mud, rain and snow failed to hobble the University of Southern California Trojans, and hard tackling, like he drove, where Bill Hattig (86) dumps Army's Carl Cuess, kept the Cadets outside U.S.C.'s 45-yard line most of the game, as the West Coast team crushed Army, 28-6, at Yankee Stadium in New York Army scored in the first period on a fumble, but U.S.C. roared back to chalk up touchdowns in the second and third quarters as a meagre crowd of 17,000 watched and shivered.

Illini Keeps Leadership In Big 10 Race

Scenting Roses After Defeating Michigan, 7-0

CHICAGO, Nov. 5—(AP)—The Big Ten title race has at last become well defined with Illinois solidly in the lead and in an excellent spot to continue there through its final three conference games

Naturally, the Illini will approach the stretch drive with extra caution. Talk of going to the Rose Bowl is being hushed at this time by Coach Ray Eliot

Illinois takes on the first of its last three conference foes Saturday, Iowa, with three defeats and a tie, invades Champaign After Iowa the Illini finish up away from home, at Ohio State and then at Northwestern

Illinois can clinch the Rose Bowl trip with two victories and one loss This would give the Eliot warriors a final Big Ten record of 5-1 for 833

Wolves Not Out

This could be duplicated by Michigan, which lost 7-0 to Illinois in the last 65 seconds of Saturday's snow - blown struggle Michigan has Northwestern and Ohio State remaining By defeating both of them, the defending champion Wolverines would wind up with 5-1, theoretically to share the title with Illinois

However, Michigan is ineligible to return to Pasadena, having won the Rose Bowl crown last New Year's Day

Wisconsin, beaten 14-10 by Illinois earlier, has Iowa and Minnesota left A pair of wins would give the Badgers 5-1-1 for .785. The best Ohio State can do is 4-1-1.

Other conference clashes Saturday send Indiana to Minnesota and Purdue to Northwestern, Michigan is at Cornell, Ohio State at Pittsburgh and Wisconsin is host to Penn in intersectional dates.

Anderson-O'Connor Pass Clicks for Winning TD

By JOHN SHORT

Playing in a driving snowstorm for most of the game, St Mary's grid crew dumped Mansfield Madison, 7-6, Saturday night at Harding Stadium

After spotting the Rams a 6-0 advantage in the second quarter the Irish came back midway in the final frame when Pat O'Connor leaped into the end zone to pull down a touchdown pass from Mike Anderson Jim Kilbury kicked the point under probably the biggest handicap of the year He booted the ball into the teeth of a howling wind between the uprights

First Threat

Near the end of the opening quarter, the Irish came up with the first threat of the game when little Dave Carr scooted through tackle for 31 yards to the Mansfield six-yard marker Jim Finnegan plunged to the three where the locals bogged down The Rams took over on their seven

The Mansfield score was set up by an Irish fumble recovered at the locals' 16 by Bill Steele On the first try Grant Millhon raced around end for the TD The Irish forward wall stopped Hammett when he attempted to run the point

At the end of the third quarter, the Irish had driven to the Rams' nine-yard marker where on the first play of the last frame a fumble was recovered by the Rams. After Dan Merchant had returned a Millhon punt to the Mansfield 48, the Irish seemed on the move when a Kilbury to Dick Gunder aerial was completed at the 23 when interference was called. Finnegan was stopped and Sprague intercepted a Kilbury throw at the 15 However, on the next play, Larry Ryan and Anderson fell on a loose ball on the 28. Kilbury scooted to the 14 for the first down and took to the air. He missed Gunder in the end zone on the first play.

Winning Play

The winning play began when Anderson took a pitchout from Kilbury and headed toward right end. He dropped back and looped a perfect southpaw heave to O'Connor who pulled it in with a leaping catch in the end zone Kilbury's kick settled the issue.

* * *

The snow started about five minutes before game time and turned into a blizzard before the first quarter was completed.

* * *

Mr. and Mrs. Gene Gunder were some of St Mary's staunchest fans. The couple attended the Ohio State-Northwestern game at Columbus and set through the "Battle of the Blizzard" here They are parents of Dick, Irish end.

* * *

Anderson and "Butch" Merchant were injured in the last quarter. Mike recovered quickly but Merchant needed help off the field He was still groggy in the dressing room after the game.

Bucks Face Pittsburgh In Next Game

By FRITZ HOWELL

COLUMBUS, Nov. 5—(AP)—Ohio State's bewildering Bucks take time out from Western Conference play this week to tangle with Pittsburgh before heading into their toughest tests against Illinois and Michigan the next two Saturdays

The in-and-out and up-and-down Bucks were forced to resort to a fourth-period field goal by Vic Janowicz Saturday to triumph 3-0 over Northwestern—which just the week before had dropped a 41-0 decision to Wisconsin Ohio tied Wisconsin 6-6 and took the field against Northwestern as a two-touchdown favorite

Headliner

The Buck-Panther game is the headliner of a 20-contest slate facing Ohio collegiate squads this week Pittsburgh surrendered two touchdowns in the final four minutes Saturday to lose to Rice, 21-13

Seven of this week's games are out-of-state opponents Last week the Ohioans lost seven of 13 to foreign foes, but the season's record shows 49 wins, 33 losses, three ties and a scoring total of 1,780 to 1,203 in favor of the Ohio squads.

The point after touchdown was a potent factor in Saturday's games, four contests being decided by a single conversion point, and two others winding up in deadlocks which could have been decided by a successful boot.

Cincinnati, the state's pace-setter with eight in a row—and the only unbeaten-untied team in Ohio—eked out a 13-12 win over Hardin-Simmons on an extra point conversion Ohio Wesleyan defeated Mount Union by the same score to stay atop the Ohio Conference ladder, while Wilmington defeated Manchester, and Morris Harvey whipped Heidelberg by 21-20 counts. The loss was Heidelberg's first of the campaign

Saturday's Card

The Saturday schedule: Ohio State at Pittsburgh, Cincinnati at Ohio U, Western Michigan at Western Reserve, Defiance at Ashland, Ohio Northern at Findlay, Capital at Otterbein, Hiram at Kenyon, Ohio Wesleyan at Muskingum, Denison at Oberlin, Wooster at Mt Union (night), Bowling Green at Youngstown (night), Wayne at Case (night), Earlham at Wilmington (night), Bradley at Toledo (night), Miami at Dayton, John Carroll at Xavier, Central State at Kentucky State, Akron at Kent State, Wittenberg at Beloit, and Heidelberg at Baldwin-Wallace.

ILLINOIS TOPS MICHIGAN, 7-0. Illinois fullback Bill Tate eludes Michigan's Dave Tinkham (37) and Don Oldham (14) for 15 yards as the Illini downed the Wolverines at Champaign, 7-0. A sell-out crowd of more than 71,000 sat through blinding snow and howling wind to see Illinois stage a fourth-period, 84-yard drive that ended when Red Smith nabbed a seven-yard Tommy O'Connell pass in the end zone

Retain League Lead, 34-17

Browns Capitalize On Card Miscues To Win

CLEVELAND, Nov. 5—(AP)—The Champion Cleveland Browns took advantage of Chicago Cardinals miscues yesterday to score three touchdowns and two field goals while winning their fifth league game.

The 34-17 victory maintained the slender margin by which the first place Browns lead the New York Giants in the National Pro League's American division. The Giants stayed right behind the Browns by dumping the New York Yanks, 37-31.

Cleveland scored on a drive the first time the Browns got their hands on the ball, Dub Jones running the last 24 yards. But after that, the Browns started all their scoring pushes either by intercepting a pass or recovering fumbles.

Agase Alert

Guard Alex Agase set up two Cleveland touchdowns by recovering a fumble and intercepting a pass.

Shortly after he picked off the fumble in the second period, after Agase intercepted on the Chicago 40, the Browns drove to their third period score, Graham sneaking over from the one.

Both Lou (Golden Toe) Groza's field goals were made possible by Chicago backs who let the ball slither away from them.

A Brown fell on a bobbled punt in the second period on the Chicago 29 and Groza kicked the three-pointer from the 32. In the fourth session Tony Adamle recovered on the Cleveland 48 and after a touchdown drive failed Groza booted successfully from the Chicago 21.

Bill Willis a Brown lineman picked off a Chicago fumble on the Cardinals' 33 in the first period—and that led to the Browns' second touchdown, Graham sneaking over from one that time also.

Frosty Fingers

Despite frosty fingers, Graham completed 16 of 21 passes for 210 yards. His best receiver was Horace Gillom, who substituted for the injured Mac Speedie Gillom—who usually plays on defense—grabbed five throws for 80 yards.

That passing kept the Cardinal defense spread out and made it possible for the Browns to gain another 238 yards rushing.

Ken Carpenter accounted for 118 yards gained rushing in the 18 times he carried the ball. Jones got 78 yards in 17 attempts.

The Cards again showed they could move the ball for huge chunks of yardage, but only a few points. They collected 91 yards passing and 258 rushing.

Winner To Fight Turpin

DETROIT, Nov. 5—(AP)—The winner of the Kid Gavilan-Tony Janiro welterweight fight here Wednesday will get a chance at Britain's Randy Turpin, matchmaker Al Weill said today.

Weill, representing the International Boxing Club, said he was in Detroit to sign up the winner of Wednesday's go for a bout with Turpin in January. The fight will take place in New York or Detroit, he added.

Turpin won the welterweight crown from Sugar Ray Robinson last summer but lost it in a return match two months later.

Wonder Drugs Losing Punch, Study Shows

Not as Effective Against Microbes As They Once Were

SAN FRANCISCO, Nov. 5—(AP)—The wonder drugs are losing their punch like aging prize fighters, and doctors are beginning to speculate on where their next antibiotics are coming from.

Penicillin, streptomycin, aureomycin and chloromycetin all are less effective against microbes now than they were two to four years ago says a study made by Dr. Dwight M. Kuhns, Dr. Matthew H. Fusillo and Dr. Monroe J. Romansky of Walter Reed Army Hospital, Washington, D. C.

Their study was presented as an exhibit at the clinical congress of the American College of Surgeons.

Striking Example

The most striking example shown was the weakening of penicillin against golden staphylococcus, a germ which causes abscesses and boils.

In 1947, the Army doctors said, the survival rate of this microbe was only 30 per cent in test tubes involving standardized doses of the drug. In 1948 and 1949 59 per cent of the microbes survived the same dose.

In 1950 the survival rate was about 61 per cent. It probably would have gone higher, the experimenters reported, except for the fact that some of the test microbes were taken from Army personnel just returned from Korea. Against these Korean germs the drug still was 65 per cent effective.

The Korean germs probably were more susceptible than the same kind of germs in the U. S. because penicillin has been used here eight years and only one year in Korea.

Against this same germ streptomycin, once 95 per cent effective, dropped to 76 per cent.

Streptomycin did show a small gain in effectiveness against colon bacteria and against some other intestinal microbes. Chloromycetin also made a slight gain in potency against the germs that cause eggs to soul.

Physicians can get around this weakening tendency by giving heavier doses but they can't continue that indefinitely.

TRUCK STOLEN

A 1936 Chevrolet truck owned by L. F. Snyder of 185 N. Main St., was reported stolen from its parking place in front of the Snyder home at 8:30 p. m. Saturday. The value of the truck was set at $100 by its owner, police reported.

Win Contest In Hair Styling

Marion, Bucyrus Women Take Prizes

Two Marion beauticians and one from Bucyrus were winners in the third annual hair-styling contest sponsored by the Marion Chapter of the Hairdressers Guild of Ohio, Sunday afternoon at Hotel Harding.

Receiving awards were Mrs. Ruth Ruhland of Bucyrus, first prize, Mrs. Juliana Wolfe of Marion, second and Mrs. Josephine Ferguson of Marion, third. Models for the winning contestants were Mrs. Dale Willing of Bucyrus, Mrs. Ann Langdon of Marion and Miss Phyllis Bell of Marion, respectively.

Winners of this contest along with winners of the 1949 and 1950 contests will compete in a state contest to be held at the state convention Feb. 17, 18 and 19 in the Neil House at Columbus.

Arthur Ward of Mt. Gilead and Glenn Potter of Galion were masters of ceremonies. Musical entertainment consisted of piano selections by Eddie Beech, a marimba duet by Mrs. Florence Bryant and son Larry.

Frank Keck of Columbus, president of the state guild, and Mrs. Gene McCloskey, of Dayton, state educational director of the guild, selected the judges. They were George Butler of Dayton, Miss Pauline Ramsey and Miss Mary Graham, both of Springfield.

YOU WERE WARNED!

YOU WERE WARNED AGAINST BIG GOVERNMENT, BY GEORGE WASHINGTON WHO SAID—

"GOVERNMENT IS A DANGEROUS SERVANT AND A FEARFUL MASTER"

TODAY, OUR GOVERNMENT IS SO BIG THAT IT SPENDS MORE THAN ¼ OF THE PEOPLES' EARNINGS—IT HAS MORE THAN 2,200,000 CIVILIAN EMPLOYEES TO TELL THE PEOPLE WHAT THEY CAN AND CANNOT DO—AND EVERY DAY THE NUMBER INCREASES.

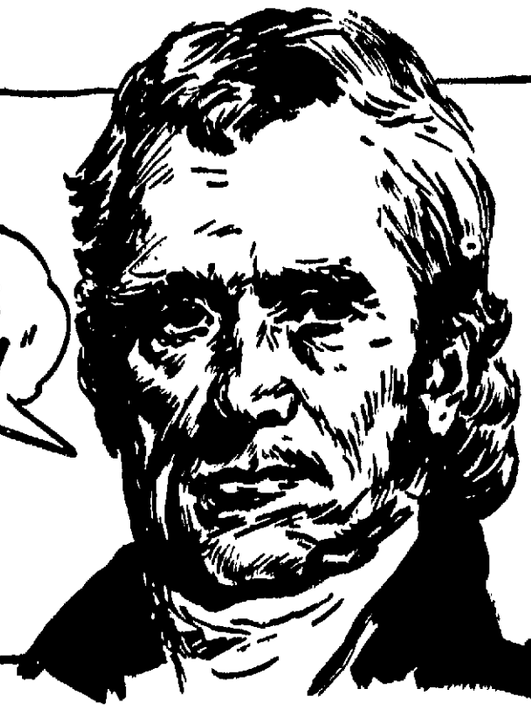
YOU WERE WARNED AGAINST GOVERNMENT HANDOUTS, BY THOS. JEFFERSON WHO SAID—

"IF WE CAN PREVENT GOVERNMENT FROM WASTING THE LABORS OF PEOPLE UNDER THE PRETENSE OF CARING FOR THEM, THEY WILL BE HAPPY"

IN 1950, GOVERNMENT PLANNERS USED **23 BILLION DOLLARS** OF THE PEOPLES' TAX MONEY FOR SUBSIDIES, LOANS, GRANTS SPECIAL AIDS, HOUSING AND GOVERNMENT CORPORATIONS, THUS "CARING FOR" THE PEOPLE. THIS AMOUNT WOULD HAVE PAID ALL THE RENT AND ALL THE DOCTOR BILLS OF ALL AMERICANS FOR A WHOLE YEAR!

YOU WERE WARNED AGAINST THE GOVERNMENT'S TAXING POWER, BY JOHN MARSHALL WHO SAID—

"THE POWER TO TAX IS THE POWER TO DESTROY"



TODAY, OUR GOVERNMENT HAS ABSOLUTE TAXING POWER. SINCE THE 16TH AMENDMENT BECAME EFFECTIVE IN 1913, YOU'VE HAD NO CONSTITUTIONAL RIGHT TO KEEP ONE PENNY OF YOUR INCOME.

WE CAN REGAIN THE LIBERTY WHICH EARLY AMERICANS FOUGHT FOR IF WE INSIST ON A MORAL PURPOSE FOR OUR GOVERNMENT!

LIFE, LIBERTY, PROPERTY – these three gifts of God preceded all man-made laws and are superior to them.

So every individual has a right to protect these gifts against interference from any source whatsoever. If government is to have a moral purpose, it must protect these individual God-given rights for every person.

Therefore, the purpose of our government must be—

"TO MAKE AND ENFORCE LAWS WHICH PROTECT EVERY INDIVIDUAL'S GOD-GIVEN LIFE, LIBERTY AND PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR GROUP – AND THESE LAWS MUST ALSO PROTECT THE PEOPLE FROM GOVERNMENT ITSELF."

Since an individual cannot lawfully interfere with the Life, Liberty or Property of another individual,—then a moral government cannot lawfully interfere with the God-given Life, Liberty or Property of individuals or groups.

GUIDE TO FREEDOM
JUDGE ALL LAWS BY ASKING—
"DOES THIS LAW PROTECT EVERY INDIVIDUAL IN HIS GOD-GIVEN RIGHT TO LIFE, LIBERTY AND PROPERTY FROM THE INTERFERENCE OF ANY OTHER INDIVIDUAL OR FROM GOVERNMENT ITSELF?"

SKUNK NO MENACE

LINCOLN, Neb. —(UP)—Lincoln police breathed easier when W. A. Jackman reported that his pet skunk, which was missing from home, had been deodorized and was easily recoghizable by his red harness.

HARVEST FOR LORD

GATTMAN, Miss. — (UP) — Members of the Depriest Freewill Baptist church near here say they have gone into "partnership with the Lord." They harvested two bales of cotton from land they planted next to the church. The pastor, Hansell Hollie, said money from the sale of "the Lord's cotton" will go into the church treasury.

NEEDED SADDLE

OAKBLUFFS, Mass. —(UP)—Richard Carr, a high school junior, tried cowboy tatics on a sand shark. He harpooned the seven foot fish, then leaped from a jetty and landed on its back for a wild three-minute ride before the harpoon handle broke and the shark got away.

PEACE IN CALIFORNIA

SACRAMENTO, Calif.—(UP)—California is finally convinced that its Indian inhabitants have smoked the pipe of peace. State Controller Thomas H. Kuchel has discontinued the state's Indian war fund.

Facts About the Sewer Bond Issue!

We are of the opinion that the above bond issue is not fully understood by the voting public. Therefore we want to point out a few facts regarding this situation that we believe the voters should know about.

Fact No. 1

Something must be done about our sewer situation whether or not the bond issue passes. Therefore it seems to be the general consensus of opinion that in the event that this bond issue fails our City Council will by emergency legislation enact a sewer rental ordinance and issue the required amount of bonds necessary to complete the sewer and disposal improvements. Said bonds then to be amortized from sewer rental proceeds. It's going to cost either way we go. Now let's look at the situation ceeds. It's going to cost either way we go. Now let's look at the situation

First the picture if we pass the bond issue.

1. A definite amount will be determined as to how much will be spent doing the job. The amount of the Bonds.

2. No additional city office machinery will be needed to do the job and no additional personnel will be needed to administer collections, expenditures, billings, etc.

3. Everyone knows in advance how much it is going to cost them, and the exact basis on which it is to be paid. Nothing will be left for future determination. On this basis we are not buying a "pig in the poke."

On the Council emergency basis the job would surely cost us considerable more. In the first place, additional office procedures and personnel would be required to handle the clerical work. Many have estimated this to cost $5,000 to $20,000 per year additional.

It has been stated by members of Council that the sewer rental charge would be based on water consumption—If that is true Council would need to depend on water consumption figures provided by the Water Company. While undoubtedly the Water Company would cooperate by providing the figures how would the sewer usage tax be computed for industrial enterprises who have their own independent water supply? That too could be done but certainly at considerable additional expense. We believe that this kind of a situation would not be conducive to promoting new industry for Marion, and we are sure that you will agree that industry plays a very important part in our community.

No one wants to buy a "pig in the poke", lets go for the deal we know the answers to before we buy it. Let us, as voters, advise Council how we want our sewer problems solved.

In consideration of the above facts, we recommend that you support the

N.Y. Stock Quotations

NEW YORK, Nov. 5—(UP)—Prices moved irregularly at the opening today in moderately active dealings.

Changes throughout the list in the first few minutes of dealings were small either way. A large number of stocks held at their previous close.

With most of the third quarter earnings reports out of the way, investors continued to display a considerable amount of caution pending development in the foreign situation.

A few large blocks appeared on the tape at the opening. Radio Corp. opened on a block of 1,000 shares at 200⅞, off ⅛. Anaconda held unchanged at 48¼ on 1,500 shares.

Automotives were moderately active and steady. Chrysler held at its previous close of 67¾. Steel equities also held around their previous.

Fractional losses were noted in Boeing Aircraft, Illinois Central, Goodrich, Kennecott Copper, Consolidated Vultee and Phelps Dodge.

Hern County Land, Texas Company and Du Pont firmed.

Trading slowed up a few minutes after the opening gong with prices mostly mixed.

Try Newark Woman In Lover's Slaying

NEWARK, O., Nov. 5—(AP)—Joanne Thomas went on trial today for the Frankie-and-Johnnie slaying of a 30-year-old fruit market clerk.

"I love you, I love you, Frank," a witness quoted the 25-year-old Nowark woman as saying last Sept. 15 as she knelt by the body of Frank Rizzo.

Miss Thomas is accused of first-degree murder.

Rizzo was shot four times in the chest as he weighed grapes in his brother's friut market near downtown Newark.

M., in the Office of the County Auditor.

Marion, Ohio, October 29th, 1951.
Maurice C. Clements, Auditor of Marion County, Ohio.

This refers only to new buildings taxable in year of 1951.
Oct.30-31,Nov.1,2,5,6,7,8,9,1951.

LEGAL NOTICE

In the matter of the sinale County Ditch No. 410, petitioned for by Carl S. Kay.

To each person signing or named in the petition and to each other person affected by said improvement.

You and each of you are hereby notified that on the 1st. day of November, 1951, the above named petitioner filed a petition with the County Auditor of Marion County, Ohio, for the construction, reconstruction and tiling of the Vernon Heights Ditch.

The construction of the improvement is necessary and will be conducive to the public welfare.

The following is the course and termini of said proposed improvement, to-wit: Commencing on the north side of Virginia Avenue about the line between lots 12865 and 12882 in Vernon Heights Second Addition, in the southeast quarter of Section 27, Marion Township; thence southwesterly approximately along the rear line of lots 12825, 12822, 12821, 12820, 12819; thence southerly between lots 12818 and 12819 to the catch basin on the north side of Vernon Heights Boulevard, thence following on or near the present tile line of the Vernon Heights Ditch across lot "D," lot 13690 of Vernon Heights Fifth Addition, Uhler Road, lot 13714 of Vernon Heights Sixth Addition, and continuing to the Quaqua open ditch if necessary.

It is claimed that the improvement will affect property owned by you.

You are therefore notified that the Board of Commissioners of Marion County, Ohio, have fixed the 29th. day of November, 1951, at ten o'clock A. M., at the upper terminus of the improvement for the view thereon, and have fixed the 6th. day of December, 1951, at ten o'clock A. M. at the office of the County Commissioners in Marion, Ohio, for the first hearing on the proposed improvement.

Board of County Commissioners of Marion County, Ohio.
By W. S. GUTHRIE, Clerk.

Love Triumphant

By ADELE GARRISON

I silently saluted my father's sapience and tact when he finished his revelations about the suspected subversive group in the city where Mildred Grey was attending college, with his request—which we all knew was a command — that she become an FBI operative to find out if the group had been successful in planting two teachers in the college.

There had not been the slightest hint in his words or manner that he was helping her solve a personal problem. He simply had voiced his own need for help and given her a golden opportunity which any patriotic girl with red blood in her veins would have welcomed rapturously.

I was watching Mildred's face closely from beneath my lowered lashes, and when I saw the light which flashed into her eyes, the quick color which tinged her cheeks, and the little shiver which rippled over her, I knew that she was thrilled to the depths of her being.

That my father saw her response also, I knew by the nuance in his voice as he elaborated on his offer, giving her no chance to make either an affirmative or a negative answer to it.

"I want you to realize," he went on, "that I am choosing you, not only because you are a senior in that college, but because I am convinced that you possess the high patriotism which will dedicate you to your work—the same sense of consecration which motivates Bess Conway"—he inclined his head ever so slightly at his glamorous FBI aide and I saw a quick glow in her face at the tribute—"and that you also have the mental equipment, the facility for lightning thought and action which the job requires.

"This is not an easy task to which I am assigning you," he went on, "and of course technically, you will be a spy. But so was Nathan Hale. And I would like to impress upon you that the forces you will have to combat are far more deadly than those which the men of our Revolution faced. They were escaping from tyranny. You will be seeing to it that devils from hell itself do not succeed in betraying us to death, torture and slavery far beyond even the imaginations of the tyrants from whose yoke Nathan Hale and his comrades freed us."

"The president of the college and your dean alone will know your secret," he continued. "That will be necessary in order that you may be excused from classes whenever necessary, which will not be often. But," he smiled a bit grimly, "they know many of my secrets, and they are completely trustworthy.

"One more retail," he added, "but a most important one. You may have to incur unusual expenses, and there will be a sum of money deposited in one of the city's banks in your name on which you may draw at any time. This of course, will be entirely outside your salary. You will receive a monthly stipend"— he named a sum which I knew was astounding to Mildred Grey— "and you will earn every penny of it.

"I shall be your commanding officer," he concluded, "but Bess Conway will be my courier, and she will advise you on all troubling details."

He rose from his chair as he finished and held out his hand to Mildred, who took it as if she were moving in a dream.

"There are one or two points on which I wish to brief you before I leave," he said. "Will you please come with me into the next room, and"—he turned to the rest of us —"will you please excuse us for a few minutes?"

Minister Held Under Guard

BEDFORD, Pa., Nov. 5—(AP)—A Michigan minister is under police guard in a hospital today after he was found hitch-hiking six miles from where his wife lay injured near their burned automobile.

The minister, Rev. Philemon Sebastiades, 59, of Lincoln Park, a Detroit suburb, was treated for burns of the face and hands and for shock. His wife, a patient in the same hospital, has puncture wounds of the abdomen.

State police said the couple have told conflicting stories and it is not yet known why the car was destroyed by fire shortly before the two were picked up Saturday.

Officer Harry Rook said Sebastiades, pastor of the St. George Greek Orthodox Church at Lincoln Park, is charged with suspicion of assault with intent to kill.

Rook said a motorist found Mrs. Sebastiades lying beside the burned auto. He understood they were enroute home from Washington, D. C.

WHEELBARROW BITES

CHARLESTON, W. Va.—(UP) Ozzie Thompson will dodge wheelbarrows as well as automobiles in the future. He landed in a Charleston hospital with a broken leg. It wasn't a car that hit him. The rubber tire of the wheelbarrow, which he was inflating at a gas station, exploded.

A Desirable Service

Possibly many of you have wondered just what it is that makes one funeral directing firm more desirable than others. There is no one thing which can make any funeral director outstanding; experience is very important, as are motor equipment, parking facilities, location, personnel, and the establishment itself. Moderate prices are definitely important.

A truly desirable funeral service involves these and many other considerations. That is why we feel it is important for all to become acquainted with our service; we feel we offer a service which is desirable in every way.

New Salt Rock Fire Truck

A NEW FIRE TRUCK DELIVERED recently to the Salt Rock Township Volunteer Fire Department at Morral is pictured above. It has a 700-gallon tank and can pump water at the rate of 500 gallons a minute. It also features a high pressure fog gun. The truck will be housed in new combination fire house and community hall at Morral.

Your Good Health

By DR. HERMAN N. BUNDESEN

Antiseptics Used To Combat Infection

Lister, an English contemporary of the great Pasteur, was the first physician to give practical effect to the Frenchman's discovery of germs and their role in the infection of wounds. Lister pioneered their antiseptic treatment, and since that day physicians and scientists have maintained the search for ever-better methods of cleansing and sterilizing the skin following injury and before surgery.

Two types of germs are usually present on the skin. One, confined to the outer surface, is called transient; the other, known as resident, is more deeply imbedded in the hair follicles and the glands underlying the skin. As might be expected, the former type is fairly easy to get rid of by cleansing. The latter type is more difficult to deal with and is a frequent cause of infection.

Scientists, in an effort to discover which antiseptics were of any great value in prevention of infection, experimented with seven types of antiseptics. Among those used were a 2 per cent tincture of iodine, solutions of green soap and water, and other. Each one of the preparations was used on 25 patients at the time of regularly scheduled operations. Samples of the skin, after the use of those antiseptics, were taken from the region of the operation.

With all antiseptics, at least five to eight samples of skin were taken from the groin region, as this is usually heavily contaminated with germs.

Each antiseptic drug was put on the patient and left in contact with the skin for the length of time necessary to prepare for surgery, but no longer than five minutes. Then the skin specimen was taken. An attempt was then made to see whether or not bacteria would grow on the skin that was sterilized in this manner.

From this experiment it was apparent that it is almost impossible to produce sterilization of the skin by any of the methods tried, but certain of the antiseptic drugs were of greater efficiency with the least amount of side effects.

It was found from this study that a preparation made from a chemical known as acridine was effective in eliminating the bacteria with little side effects, as was also two per cent tincture of iodine.

Questions And Answers

A. P.: What is the name for pus pockets in the gums, and can you tell me something about it?

Answer: Pus pockets in the gums is another name for a condition known as pyorrhea. The cause of pyorrhea has not been determined. Treatment includes frequent brushing and massaging of the gums, but of course treatment by a dentist is most important.

GALION BIRTH

GALION—A son was born Thursday to Mr. and Mrs. James Smith of Galion.

Four Galion Youths Enlist in Air Force

Special to The Star

BUCYRUS—Four Galion youths have made application for enlistment in the Air Force and will be sent to the Toledo induction center, Nov. 24 for enlistment, Sgt. Norman O. Hoyt, who is in charge of the Bucyrus recruiting office for the Army and Air Force, announced today.

The enlistees are Robert Eugene and Junior Lee Reeks, Dwight Luther Haas, and Bert Edward Downing.

Sgt. Hoyt said the youths will be sent to Sampson Air Force Base at Geneva, N. Y., for their basic training.

The nuthatch builds its nest in decayed trunks of trees so that its young may eat insects that flourish there.

One Man's Opinion

By WALTER KIERNAN

My barber wrote Washington on Nov. 1 "Now that you've cut my pay again when do you plan to give it back?"

* * *

Washington wired back "this ever-loving government never cut anyone's pay. In fact we are ever on the side of higher pay for the honest working man In re pay cut you are mistaken."

* * *

My barber wrote again "When you hiked the price of my cigarets, my gasoline, my everything and added another dab of my income to the federal porridge you cut my pay and don't tell me no."

* * *

Washington wired "Obviously you are one of the special interests trying to confuse people by clamming our new excise, incise, surprise out outsize taxes ate a pay cut Yhu fascist.

My barber was going to write again and beat the price boost on penny post cards . . . Then he figured he'd better start saving his pennies as he has already given up trying to save his nickels.

Self-Employed Must File 1951 Return

Social Security Office Supplies Special Forms

In order to conform with a new law set up earlier this year which deals with self-employment tax returns, all self-employed persons or partners in business enterprises must early in 1952 file special returns.

All persons under this classification are urged by G. L. Schlueter, manager of the local Social Security office, to obtain a social security card and also the necessary information for filing the returns at this office at 127 W Church St. as soon as possible

All self-employed persons with net earnings of $400 or more for the year 1951, except farm owners and operators, doctors, lawyers, clergymen, engineers, accountants and a few other professional people, were covered by social security beginning Jan. 1, this year. Others such as writers, photographers, artists, tutors, sign painters, private detectives or independent contractors such as painters, paperhangers, bricklayers, and carpenters, are required to fill out the special self-employment tax return in 1952, on or before March 15, and pay two and one fourth per cent of the net earnings

Mr Schlueter is pointing out that this coverage is not voluntary It is as necessary for persons who meet these requirements to make out a tax report as it is to file an income tax return

Other persons included in the classification are owners or partners in a store, beauty or barber shop, tavern, laundry, theater, hotel, or second-hand shops

Office hours at the Social Security office are from 9 a m to 5 p m Monday through Friday.

Projects Put On Best Bid Basis

More Competition In Defense Home Building Aim of New Govt. Move

WASHINGTON Nov 3—(INS)—The government soon will take steps to stir up competition in the nation's defense housing program in moves expected to benefit both the industry and the consumer.

Proposals now under study would force home builders to work a little harder in their attempts to obtain defense housing projects from the Housing and Home Finance Agency.

But the extra effort will pay off to successful builders and also will guarantee the maximum housing value out of each dollar spent by the home buyer or renter in defense localities.

HHFA has been following a policy of handing out defense housing projects on a first come first served basis to builders as they file applications for housing allotments.

Officials say this method has caused delays and difficulties to the point where it will have to be replaced by a more selective system of handling the cases.

In the future HHFA will require its local offices throughout the country to select the best deals builders offer on home construction regardless of the timing of the application.

This means the man who can build near a new defense plant or military camp and offers the most house for the money will get the go-ahead sign from the government on its project.

* * *

ANOTHER CHANGE contemplated by HHFA would shorten the time a builder would be required to hold a house for occupancy by defense workers or military families.

The present limitation is five years but the government thinks this is too long and should be reduced to give landlords a chance to rent their properties at an earlier date to non-defense families.

There has been some criticism that five years is a deterrent to defense housing construction because the rule prevents a switch in tenancy if the mobilization program is suddenly curtailed.

* * *

THE CONSTRUCTION industry is heading down the home-stretch of the greatest building year in history.

By the end of December, Commerce Department experts figure approximately 29 billion dollars worth of new factories, stores, roads, churches, hospitals, homes and other buildings will have been started in 1951.

That compares with almost 28 billions in 1950. Actual construction volume won't increase much, however, because building costs have increased 10 per cent.

Next year, the controls program will claim a sharp cutback in construction, reducing outlays to about 26 billion dollars. Non-defense operations such as home building, stores and other commercial structures will feel the effects of this reduction.

The National Production Authority soon will put into effect a new copper conservation order drastically limiting the kinds of plumbing products manufacturers may turn out.

Copper supplies are so scarce that officials say home building next year may be governed mainly by the amount of plumbing articles available for construction.

* * *

STARTING JAN. 1, plumbing manufacturers will receive only 20 per cent of the copper and brass they used before the start of the Korean war.

One NPA official puts it this way:

"Just how a manufacturer is going to exist at a level of 20 per cent is something we have got to find out.

'On plumbing brass goods the military wants 40 per cent of production and other defense-supporting programs want a huge take of copper foundry products.

'There is very little left for the civilian economy and so far no one has come up with an acceptable substitute for plumbing brass goods.'"

The brightly colored velvet ants in California are found mostly in desert areas.

Program Set At Church

In the schedule of services for Dedication Week at First EUB Church, Tuesday will be Men's Night. The theme will be "Quit You Like Men, Be Strong." Special music will be by the Serenaders, men's choral group of the community, and by a vocal soloist, Mrs. Esther Hale.

A processional will be played by George Lane, accompanist for the Serenaders. Ralph Young of Marion, president of the Marion District Brotherhood of the denomination, will give the invocation.

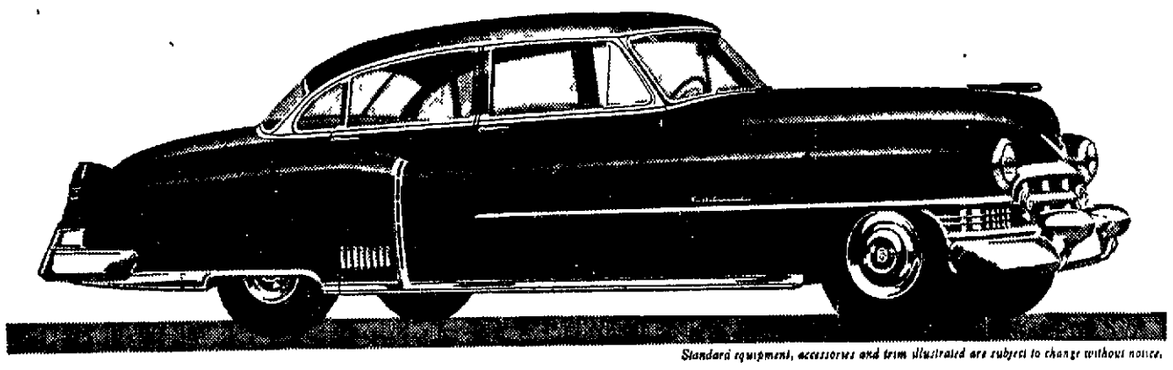
Under direction of L. G. Jones, the Serenaders will sing "The Lord Is My Light," Adams, "Holy Lord of All," Williams, and "Hear My Prayer," James. Following will be numbers by Mrs. Hale, vocalist, "The Great Awakening," Johnstone, "How Beautiful Upon the Mountains," Harker, and "Bless This House," Taylor.

A final group by the Serenaders will include Negro spirituals "Joshua Fit the Battle of Jericho," Enders, "Were You There,' arranged by Lane, 'Bye and Bye,' Protheroe, and 'Thanks Be to God," Dickson-Salter.

MARION CIRCLE MEETS

When Marion Circle 184, PHC, met Friday night, attendance prizes were presented Mrs. Lucille Predmore and M. J. Bush. Progressive euchre was played, and the social committee served refreshments in charge of Mrs. Dessie Carpenter.

All But Impossible to Believe!



Standard equipment, accessories and trim illustrated are subject to change without notice.

It is very difficult to believe—but, each month, there are literally thousands of people who pay as much for their motor cars as it would cost them to buy Cadillacs . . . and, yet, they don't *get* Cadillacs.

As we said, this is very hard to believe—but the *reasons* for it make it more or less understandable.

In the first place, a great many people simply don't know what a Cadillac costs. They don't understand that the lowest-priced Cadillac actually costs *less* than certain models produced by numerous other manufacturers.

They only know that Cadillac is the world's most renowned motor car—and they assume, from this, that it must also be *exclusively priced*.

Too, some people get discouraged because they can't walk in and order a Cadillac and get immediate delivery—as they can with so many other makes of cars.

This, too, is largely due to a failure to get all the facts and think them through to the inevitable conclusion.

You have to wait a while for a Cadillac because so many people *want* one—*and want it so badly that they are willing to wait for it.* And that, in turn, is because Cadillac is recognized *everywhere* as the Standard of the World.

So if *you* want a Cadillac—and research indicates that a vast percentage of motorists do—come in and talk with us about it.

We'll give you the facts concerning comparative costs. And we will also talk frankly with you about delivery dates, so you may know about what to anticipate.

You really owe it to yourself to do this. For, surely, you don't want to pay the *price* of a Cadillac—and *still not get one!*

* * *

If we already *have* your order for a Cadillac—stand firm in your conviction—for each day brings you closer to your heart's desire.

It is true, of course, that you can get quicker delivery on other makes of cars. But, in all the world, there is no other car like Cadillac.

So be patient—and you will have your reward!

Your Vote May Be It

HERE'S just a final reminder to all men and women in Marion County that any vote may be the deciding vote in one or more of the important contests in tomorrow's election.

That's a fact. Your vote may be the one needed to elect the candidate or candidates in whom you are most interested. Or it may be the one needed to pass a vitally important tax proposal.

So don't stay away from the polls with the thought that your "vote won't be missed." If many people think that way the days of good government in this country will soon be numbered.

Harvest of Feathers

THOSE who oppose withholding taxes, on the theory that they make federal income taxes too easy to pay, will have to admit the method also makes them immediately payable.

The new income tax rates now are in effect. Wage earners paying withholding taxes will feel the difference in their next pay checks. At an income level of $100 a week, a married man with a wife and two children will be paying exactly $1 more per week under the new rates than he paid under the old rates. He will be paying $3.30 more than he paid on Oct. 1, 1950.

Theoretically, when taxpayers whose obligations are met currently through withholding taxes will be able to balance their accounts with the U.S. Treasury next March 15. Those who do not meet their tax obligations currently, on the other hand, will be put to it a little harder than before to scratch up the wherewithal for a deferred settlement next March.

It may be, as those who oppose withholding taxes claim it is, that taxes should be made just as hard to pay as possible. But they forget one thing—that when taxes become confiscatory they also become a problem of collection. Withholding taxes, whatever else they may be, are the one way to pluck the taxpaying goose before the distraught fowl's feathers drop off and get blown away by the vagrant breezes.

No Judge Could Do It

THERE is a frantic effort under way to find a loophole in Ohio's new slot-machine law, which bars these money-grabbers from being owned, possessed, exhibited or even transported for delivery in the state.

If a loophole can be found, this prime source of revenue for hoodlums can be restored and Ohioans will have the privilege of fighting the whole dismal slot-machine war all over again. The intent of the General Assembly will have been set aside for the benefit of a racket which has worn out its welcome.

The General Assembly finally decided there was no excusable compromise with the people who operated this quick-turnover form of gambling. It defined slot-machines as "any mechanical device . . . an essential part of which is a drum or reel with insignia thereon which when operated may deliver as the results of an element of chance any money, property, or other thing of value by the operation of which a person may become entitled to receive as the result of the application of an element of chance, any money, property, or other thing of value."

Anyone who can find a loophole in that will be a corker. No judge could do it—no judge worthy of the name, that is.

How Many Teachers?

LATEST of the organized outcries against the Ohio State University policy making its president responsible for screening speakers appearing on its campus comes from the Ohio Education Association. The association wants the university trustees to "re-examine" the policy.

The O.E.A. comprises approximately 41,000 public school teachers. Its outcry purports to represent what they think. That may be doubted, for the obvious reason that 41,000 school teachers would not be likely to be of one mind on this matter.

All that Ohio State has done is to declare that the administrators of a university must accept responsibility for what is advocated under auspices. This does not mean there cannot be conflicting points of view. It does mean that the university is not going to be used willy-nilly by just anyone who wants to make a speech on its campus.

If there is not a substantial majority among O.E.A.'s 41,000 members in accord with that kind of a policy of responsibility for what happens on the Ohio State campus, we don't know anything about school teachers. The one thing all school teachers must impress on their students is that there can be no learning—no academic freedom, if you please—without academic discipline.

Crusade for Freedom

By George E. Sokolsky

A Protest Against "Twisted" Lincoln Line

I WAS nearly converted to the "Crusade For Freedom" until I saw their circular "Join the Crusade for Freedom." Then I could not understand why they told a lie.

Let me quote the lie:

"Like the 'V' for victory, the world freedom bell has become the symbol of resistance to world tyranny. To the enslaved peoples it means hope. Inscribed on its rim are Abraham Lincoln's words, 'That this world under God, shall have a new birth of freedom.'"

SOKOLSKY

Abraham Lincoln never said that. The twisted line is taken from the Gettysburg address. Lincoln was speaking about Americans killed in war. He was speaking about our honored dead. He was speaking about this nation.

He was not speaking about Germans, Frenchmen, Turks, Greeks or Koreans. He was not speaking about One World or the United Nations. His concern was over his own countrymen.

This is the paragraph which all Americans of my generation were taught in school to recite:

"It is rather for us to be here dedicated to the great task remaining before us — that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom—and that government of the people, by the people, for the people, shall not perish from the earth."

* * *

NOW WHERE DOES this Crusade for Freedom get off twisting the most stirring paragraph of Abraham Lincoln's "Gettysburg Address" into a false meaning?

Lincoln could not have worried about the world having a new birth of freedom, because the whole world has never known anything about freedom. Most of the nations of the world have never experienced freedom. Most of the 2,000,000,000 and more human beings have no conception of what freedom means, and a great part of them even today would fear our concept of freedom. It would terrify them to live in a world where each human being is free to form the pattern of his life.

The people that Abraham Lincoln was talking to were Americans who at that time had been on this continent for about 250 years and who had formed a nation dedicated to the proposition that all men are created equal. His hope was that a nation so dedicated should not perish from the earth. His countrymen were then engaged in a war among themselves over the nature of the American nation. Gettysburg was the scene of a great battle where some of the killed in this war had been buried. Lincoln came to Gettysburg to partake of the ceremonies of consecrating a burial ground for his countrymen.

* * *

THE GETTYSBURG address has generally been regarded as the most perfect example of American oratory. Every word of it is hallowed in American tradition. To twist a sentence of this address, to inscribe it falsely on a bell to celebrate United Nations day in Berlin is a desecration of an American tradition and a fraud upon the Germans.

I often wonder who does these stupid things. Certainly, there are plenty of educated Germans who have read the Gettysburg address. I wonder if the slimy Gerhart Eisler, Soviet propagandist in East Germany, has not countered with a reminder that the inscription on the bell, attributed to Lincoln, was not spoken by Lincoln.

In the same circular, General Eisenhower is quoted as follows:

"In the battle for truth, you and I have a definite part to play through the Crusade for Freedom."

But is it truth to switch Lincoln from a nationalist to an internationalist, from an American to a one worlder?

I make this protest because the evidence is clear in China, Korea, Iran, Egypt, in the British elections and wherever it is possible to gauge public opinion that America is being presented in a false light. Maybe we do not know how to tell our story.

* * *

BUT THERE IS a wonderful American story to tell. For here, over a period of three centuries 50 races of man have learned to live together, in freedom. Here men and women have not feared government but have loved God and in the law of God have found a way of life which was best expressed by Thomas Jefferson in the preamble of the Declaration of Independence.

When some smartaleck substitutes for that glorious story a twisted sentence from Lincoln, I feel impelled to protest and to ask you to protest. We need never lie.

Keep Talking

By TRUMAN TWILL

A TOP-DRAWER bureaucrat in Washington named Paul R. Porter makes it part of his life's work to spoof jobholders addicted to gobbledygook. A grateful citizenry wishes him luck.

But let's have no nonsense about getting rid of the gobbledygook spoken by the rest of us for the same reason that jobholders use it; namely to conceal thought or the absence of thought, as the case may be.

Try it yourself. For the next half hour, say only what you think. Cut out all sounds designed to conceal that you are not thinking. Omit everything intended to fool the public.

If someone stands between you and the television screen, say "Scram." If anyone wants to know whether or not you are comfortable and you are not comfortable say, "No." If the company inquires whether or not it is time to leave, say "Yes."

Give it a whole day's test while you're at it. When asked how you feel tomorrow morning, tell the nosey so-and-so you feel terrible and may croak before lunch. If some goof suggests you stop him "If you have heard this one," stop him. If you have not heard it, on the other hand, and it was not worth hearing, tell him his joke is a failure and walk away.

Cut out all palaver. Say only what you think for one day. Don't try to conceal what is or is not going on in your so-called mind with a lot of inane chatter. Fall out of love with the sound of all the words you know.

Step back five paces and say to yourself you're off gobbledygook, most of which is not worth the erosion it causes on your teeth, either false, natural, or both. Take a vow of honesty in word and keep it for one day. Write a letter: "Sir: My answer is no." Look at a new baby and say simply and honestly, "Take it away."

Tell the little children to shut up or you will clunk them on the head. If someone wants to yak-yak about the weather, dummy-up. Turn on the freeze if asked for a few thousand words of flattery about someone's new clothing. It will be one of the most interesting days of your life.

When it's over, your reputation as a spoiler will be firmly established. You will have been found guilty of bad manners, bad taste and conduct unbecoming a clean-living American. You will be sick of yourself because you have had no fun to speak of and will have to make the rounds tomorrow of all the people who did not understand what you were doing and butter them up so they won't hate you any more.

In a happier day, the best advice Americans could give one another was to keep smiling. That at least was a constructive suggestion. But about the best anyone can do these days is to keep talking, in the slim hope of extracting something out of the babel. There's more to gobbledygook than the sound thereof.

Pity the Poor Invalid

4 States Go It Alone

By Raymond Moley

MT. POCONO, PA.

A SERIOUS group has been meeting here to plan the development of the Delaware River through an interstate compact among four states—New York, Pennsylvania, New Jersey, and Delaware. Above all, these people are determined to keep the ubiquitous nose of the federal government out of this particular job. They want no tyrannous federal "authority" in this region. And they make no plea for the narcotic of federal money in this great conservation project. This is a most wholesome declaration of the almost neglected American principle of state's rights. Perhaps, after all, this is the sort of issue upon which conservatives, self-dependent people both in the North and South can unite.

MOLEY

The Interstate Commission on the Delaware River Basin calls itself the Incodel. It originated in 1936, and for a long time carried on a slow process of education. Finally, in 1949, there was enacted by the legislatures of three states, Pennsylvania, New Jersey and New York, legislation authorizing a comprehensive engineering survey of the Delaware River. The objective is a water conservation project for the great basin of the Delaware.

* * *

THE DELAWARE RIVER rises in the mountains of New York. It flows southward and bounds the four states associated in Incodel. It provides the indispensable means of life for the most populous and heavily industrialized area in the nation. New York, Philadelphia, Wilmington, and many other cities must as the years pass depend upon the waters of this river and its tributaries. At the moment, most of this water flows wastefully into Delaware Bay. Exceedingly serious is the problem of sea water in the lower ranges of the river. This is acute menace to the vast industries of the region around Philadelphia, Camden, and Wilmington. Equally important is the grave threat of water shortages in New York City and northeastern New Jersey. No New Yorker needs to be reminded of the great fear of a threatened water shortage in his city two years ago. Nature came to the rescue then, but nature cannot be relied upon.

* * *

THE INCODEL PLAN is to build four dams in the upper reaches of the river above the Delaware Water Gap. These would hold up hundreds of billions of gallons of good water. From that store there would be drawn through tunnels and aqueducts an abundant supply for New York City and northeastern New Jersey. Through the regulation of the river flow, clean, fresh water, uncontaminated by salt from the Bay, would go to the people and industries of the lower basin. There would, incidentally, be created artificial recreation areas in the upper valley.

New York, with the frightening experience of two years ago in mind, is eager to go ahead with the project. New Jersey, too, is ready to go. In fact, New York State proposes to go it alone by action before the Supreme Court if the project is further delayed. Pennsylvania seems to be dragging its heels, perhaps because the new state administration has so far failed to comprehend the importance of this development.

* * *

THE NATIONAL significance of this proposal is an example and a warning to other states which have foolishly permitted ambitious, grasping agencies of the federal government to invade their water resources through great tax-supported reclamation projects. Incodel says bluntly that if there should be created a Federal Delaware Valley Authority, it would mean control by "a handful of men in Washington." That would mean the end of states' rights and responsibilities in the field of water conservation and development. It would threaten the essential sovereignty of every state concerned.

Congress Quiz

Q—Did the President sidestep the Senate in appointing Ambassador-at-Large Phillip C. Jessup as United Nations delegate without its approval?

A—Despite the 3-2 vote of a Senate foreign relations subcommittee Oct. 18 disapproving Jessup for the U.N. post, President Truman Oct. 23 gave him a "recess appointment" three days after Congress adjourned. Mr. Truman could do this because he was not bound by the subcommittee vote, and the Senate itself did not act on the nomination. Meanwhile, Jessup serves as U.N. delegate by virture of the recess appointment, pending Senate action after Congress reconvenes in January.

* * *

Q—Is anything being done to make the national capital less attractive as a target for enemy bombs?

A—The Senate Oct. 19 passed and sent to the House a bill to shift at least 50,000 federal workers in Washington to outside a 150-mile radius of the White House. The move would be made over a three-year period. The bill also has the objective of relieving Washington congestion and increasing efficiency.

* * *

Q—How many police are on the White House force?

A—Now there are 193 White House policemen. The Senate Oct. 1 passed a bill to provide 37 more, but the House has not acted. Congress became concerned about the need for more protection after the Nov. 1, 1950, attempt to assassinate the President.

Marion County History Brevities

By EDNA S. DUTTON

During the War of 1812 General Harrison crossed what is now Marion County four times in less than 30 days. His first arrival at Upper Sandusky was Dec. 18, 1812. On Dec. 27 he was back again in Chillicothe. On Jan. 8, 1812 he was at Franklinton and a few days later was again at Upper Sandusky. His trips were made over the Military road. The general had established headquarters at Upper Sandusky.

Old System Revived

PHILADELPHIA — (AP) — A construction method once used by builders of Europe's Gothic cathedrals has been resurrected for a huge bakery and grocery warehouse here. It consists of prestressing foundation soils by loading them with weights equivalent to those which the building will place upon them. After the soil has settled, the weight is removed and construction goes forward.

Insurance Error

MARION, Ill.—(AP)—The city of Marion's policy had been to buy fire insurance for all its buildings except the fire station. But when fire damaged its first city building in years, it was the fire station. It set council to pondering whether to get robbery insurance for the city clerk's office and water department—both under the police station.

The Once Over

By H. I. Phillips

The Postoffice Goes Box Office

Congress has struck a blow at sentiment, family correspondence, vacation satisfaction, the bean supper and all writing-desk economies. It has killed one of America's oldest, most trusted and most beloved institutions, the penny postcard. The backbone of correspondence has been broken and we feel extra depressed. True, the doubling of the price of a postal from a penny to two cents will not floor us economically, when eggs are by Tiffany and butchers offer us the Koh-i-noor lamb chop. But it was just about the one link with the past that seemed permanent. It was the friend of the lackadaisical correspondent, the joy of the mother of the prodigal son who wrote home so seldom and the hand-maiden of the hurried vacationist. The wife of an erratic husband could depend on the penny postal. It meant much to the manager of the minor sales drive and the church supper chairman.

PHILLIPS

Let food prices soar, rent rates hit the sky, clothing get unobtainable and the bank balance slowly disappear, there was always the penny postcard, come hell or highwater. The one-cent stamp was an institution rooted in the bedrock of American traditions and customs. The nickel phone booth, the five-cent bus ride and the 10-cent bowl of chowder had no such place in the human heart. An extra penny isn't much, but just the same it doubles the expense of the messages "Arrived safe, will write later." "Everything okay; don't forget to put out the cat." and "Send me a sample of your liver pills without charge as per your ad."

* * *

What a boon it was to the fire-sale operator, the yacht club dance manager and the lending library that wanted a book back!

* * *

The postoffice used to be regarded as the poor man's friend, the one place you could enter when on your uppers. It is taking its place with the theater and the quality restaurant. You once entered a government postoffice without a thought about expense. Soon you will enter it with the same feeling experienced when inquiring about seats to "Top Banana," or "South Pacific." Once you were certain that you would see only the postmaster. Now you expect to see Mary Martin, Gertie Lawrence or Ezio Pinza. Believe it or not, the special delivery stamp, which cost a dime not so many years back and which went to 12 and then to 15 cents, will now set you back 20 cents! A few years ago you could send a messenger for that much and throw in a bouquet with the message.

* * *

Twenty cents is a lot of money to pay to SLOW up a letter. But if you are determined to have a letter get through later than by regular mail you shouldn't kick about putting an extra nickel into the effort.

News of Other Years

TEN YEARS AGO—It was Wednesday, Nov. 5, 1941.

In the election held the previous day, Republicans made nearly a clean sweep of municipal offices, taking all offices excepting two ward council posts. Mayor Russell C. Snare (R) was re-elected by a majority of 973 over his Democratic opponent, Henry P. Drake. Snare polled 4,518 votes and Drake 3,545. Only Democrats elected were A. R. Barnhard as Third Ward councilman and William H. Simmons in the Second Ward. A proposal to build a $200,000 addition to City Hospital went over the top by a three-to-one margin, receiving one of the largest majorities ever given a bond issue and tax levy question in Marion.

German U-boats were reported operating "off the coast of Newfoundland—within sight of the shore," indicating that the reich had moved its undersea threat to the closest approach yet to American shores.

Ralph E. Cheney, 59, for 20 years a salesman for Tracy & Avery, wholesale grocery jobbers at Mansfield, died in his home at 663 Concord Ave., Vernon Heights.

Mrs. Robert Hinamon was elected president at a meeting of the Carpe Diem Club at the home of Mrs. E. A. Williams on the Walters road.

TWENTY YEARS AGO — It was Thursday, Nov. 5, 1931.

R. E. Woodruff, vice president of the Erie Railroad, and John M. Condon, assistant vice president, were among officials of the railroad company who were guests at a luncheon sponsored by the Marion Kiwanis Club.

A ruling of the State Department of Conservation to the effect that hunters could no longer legally employ fire in "smoking out" or otherwise capturing birds and game in Ohio was received by Everett B. Grigsby, county clerk of courts.

Establishing of a clinic which would be open to all undernourished or sick babies of the city regardless of whether they were from indigent homes was announced by Miss Mary Breneman, supervisor of nurses. A clinic committee composed of representatives of the City Federation of Women's Clubs, the City Union of King's Daughters and the Parent-Teacher Association had been working on the project for some time, Miss Breneman reported.

Mrs. Zoa Wilcox, 41, died at her home near LaRue.

Masons Elect Frank V. Fields

Named Master Of Lodge 70

Frank V. Fields of 364 S. Vine St., was elected master of Marion Lodge 70, Free and Accepted Masons, at the annual communication of that lodge at the Masonic Temple Thursday night.

Fields is an employe of the Erie Railroad. In addition to his membership in Marion Lodge he is a member of and is the present high priest of Marion Chapter 62, Royal Arch Masons, and a member of Marion Council 22, Royal and Select Masters, and Marion Commandery 36, Knights Templar.

Elected to serve with him were the following officers: Harley U. Landes, senior warden; Warren G. Cyders, junior warden; Russell C. Snare, treasurer, Harold W. Hall, secretary; Robert W. Gamble, senior deacon; Frank C. Robinson, junior deacon; Winthrop P. Ames, senior steward; Walter Lyon, junior steward; Otto J. Ricker, tyler; and Kenneth E. Fields, trustee for three years.

The officers will be installed on the Festival of St. John the Evangelist, Dec. 27.

Fields will succeed Kenneth E. Fields, who has served as master of Marion Lodge during the past year.

During the meeting the annual reports of the treasurer, secretary and auditing committees were given.

A social hour followed. It was announced that the lodge would be host to the members of Bucyrus Lodge 139, Nov. 9, at which time the officers of the Bucyrus Lodge will confer the Master Mason degree.

John H. Clark Renamed Head Of ONU Board

JOHN H. CLARK

John H. Clark of 289 Powhattan St., Marion attorney, was re-elected chairman of the board of trustees of Ohio Northern University for the 11th year at the board's annual meeting Saturday at the university in Ada.

Re-elected also were Judge Edward S. Matthias of Columbus, judge of the Ohio Supreme Court, vice chairman; Dr. Lester L. Roush of Columbus, treasurer of the Ohio Conference of the Methodist Church, secretary, and Howard W. Peterson, business administrator of Ohio Northern University, treasurer.

Mrs. Clark accompanied Mr Clark to Ada. Wives of the board members were guests of wives of the university professors for coffee in the social center on the campus in the morning and in the afternoon were entertained at a tea given by Mrs. F. Bringle McIntosh, wife of the president of the university, at her home. At noon the women joined their husbands and the faculty members for luncheon in the student center.

BPW Club Plans November Activities

Activities of the Business and Professional Women's Club in November include dinner and business meetings, and co-sponsorship of a household-related project which is of interest to women, instruction on gift wrapping and tieing.

A dinner meeting will be held Wednesday night at Hotel Harding in charge of the music committee headed by Mrs. Ethyl Case, to provide a program of entertainment and relaxation, with special features arranged.

Members of other clubs in the community have been invited to be guests of BPW club at a gift wrapping school Nov. 14 at the State St. School building. This project is being sponsored in cooperation with an office equipment firm of the city.

A change in time of the regular business session has been made because of the Thanksgiving holiday, it was announced. The meeting will be Tuesday, Nov. 20, instead of Nov. 21 as scheduled.

FIRE ROUTS 70

Small Towns To Get First TV Stations

BILOXI, Miss., Nov 5—(AP)—Wayne Coy, chairman of the Federal Communications Commission, says small towns generally will get the first television stations when the government again issues licenses.

Addressing the National Association of Educational Broadcasters here yesterday, Coy did not say when the TV freeze would end. But he set up Feb. 1 as a hypothetical date to illustrate his speech on the future of broadcasting.

Coy said that because of a reduced FCC budget and insufficient staff, it might be a long time before licenses are granted.

"Generally speaking, 'Small City America,' will get new stations first," he said. "But even these grants will be slow because of a very limited staff.

Referring to the earmarking of 10 percent of TV channels for educational purposes, Coy said he had voted for the reservation and added:

"I have been deeply concerned about the ability of the educational institutions to get the wherewithal to financpe the construction and operation of TV stations. I am firmly convinced of the desirability of the use of television by our educational institutions."

SPONSORS PROGRAM

MT. GILEAD — The Marengo Band Boosters Club is sponsoring an amateur night program to be held Saturday, Nov. 17. A lunch will be served by the Band Mothers from 6 to 8 p.m. and the program in the gymnasium will begin at 8:15 p.m.

When the "sky survey" is finished at the California Institute of Technology, three-fourths of the entire sky will have been recorded.

The average city the size of Marion spends $212 a year on each child in school — Marion spends only $171.

Last year Marion Teachers received $600 per teacher less than the average in other cities. Marion cannot compete with other cities in employing teachers unless it meets the cost-of-living increase.

(The state salary bill passed last summer helped only the newer teachers. 80% of Marion's teachers received no increase from this bill.)

Research predicts that enrollment in Marion City Schools will increase by 1,000 pupils in the next 4 years. 27 additional teachers will be needed for these children.

Greenwood Street School

The taxpayers' investment in school buildings cannot be protected unless operating funds are increased. Less of Marion's school dollar is available for operation and maintenance than any other city school system in Ohio.

Every item used in the operation of a school system has increased in cost—income must be increased to meet these costs. Now it costs $25 simply to seat a child in a classroom today.

It is estimated that the levy will cost the average taxpayer only from $1.00 to $1.25 a month.
